Re: Emergency Restoration Services

To whom it may concern,

ServiceMaster by Timeless is happy to present this response to the Municipal Excess Liability Joint Insurance Fund for inclusion as a qualified Emergency Restoration Services firm.

ServiceMaster Recovery Management (SRM) is the commercial large loss division of ServiceMaster. With 22 strategically positioned command and control centers, over 60 regional offices and another 250 commercial response centers in the United States, SRM can mobilize and manage its vast resources, equipment, manpower and expertise at a moments' notice. This unparalleled bandwidth enables SRM to not only respond quickly, but also to scale our resources to meet the needs of our national clients. In doing so, we can manage our resources more effectively, reduce claim severity and minimize business interruption.

SRM can accomplish these outcomes for our clients through a pro-active approach towards disaster planning and by centralizing the process from first notification of loss through the final billing. As a SRM client, Constantine Housing Initiative will receive a dedicated account management team that will serve as your recovery partner before, during and after a loss. This single point of contact approach gives you the power of a \$3 billion dollar company, without compromising the personalized level of service we pride ourselves on.

The value to our national clients in this model lies in our ability to scale vast resources while never abdicating responsibility for the management of a loss. Unlike other models, SRM never outsources emergency response capabilities, resulting in a higher level of quality and consistency in both service and billing. The centralized systems and processes we operate under enable SRM to provide rapid response - mitigating the severity of the loss, manage the resources appropriately - minimizing business interruption, and delivering consistent bill review and invoicing. All of which provide national clients with the same high-level quality and consistency of service, communication, documentation and billing regardless of where the loss occurred or how large or complex the recovery may be.

The service model has proven itself, resulting in over 20% growth in non-CAT driven disaster restoration work each of the past two years and a 100% renewal rate with commercial clients over the past several years.

Furthermore, beyond the capabilities and expertise that is outlined in this proposal, SRM is uniquely positioned to serve MEL JIFF members because of our shared Core Values. We have built our business upon the mantra of "doing the right thing" for over 60 years and this is an integral part of how we serve our clients to this day. Treating people with respect, particularly when they are at their most vulnerable, as is often the case when we are called on to serve, is a principle our employees live by. And our highly experienced and versatile large loss experts understand that each client's needs are unique and require a tailored recovery solution. This requires listening, planning, and being resourceful.

With SRM, there is no job too big and no detail too small. More than a service provider, SRM seeks to be a recovery partner to MEL JIFF members.

REQUEST FOR PROPOSAL (RFP) FOR EMERGENCY CLEANUP AND RESTORATION SERVICES

1.0 PURPOSE AND INTENT

- 1.1 Through this REQUEST FOR PROPOSAL (RFP), the Municipal Excess Liability Joint Insurance Fund (hereinafter the “Fund” or “MEL”) on behalf of its member local government agencies (members) seek to qualify Service Providers that provide emergency cleanup and restoration services for use on an as needed basis for the 2020 and 2021 fund years commencing upon appointment. Pursuant to N.J.S.A. 40A:11-6 (Exhibit B), contracting units may, under emergency circumstances, award contracts for services without publicly advertising for bids when there is an emergency affecting the public health, safety or welfare.
- 1.2 It is the intent of this RFP to exceed the minimum statutory procurement requirements for hiring contractors by qualifying emergency restoration service vendors by county within the state so that MEL members may select from this list of vendors in the event emergency restoration services are needed.
- 1.3 While this procedure allows for simplified contracting in an emergency, MEL members (Exhibit A) are under no obligation to select a vendor from this list and may determine to use other allowable contracting procedures as they determine as necessary. In addition, The Municipal Excess Liability Joint Insurance Fund reserves the right to consider proposals received after the deadline and may amend its list of qualified vendors by action of the Board of Fund Commissioners.

2.0 PROPOSAL SUBMISSION

- 2.1 Bidders are to respond with One (1) original submittal, one (1) clearly marked “copy” and One (1) electronic version on CD/ Flash Drive. The proposal must be addressed to:

3.0 GENERAL INFORMATION ON THE FUNCTIONS OF THE FUND

- 3.1 The Fund is organized pursuant to N.J.S.A. 40A:10-36 to provide property/casualty insurance to its member local units. The Fund is controlled by a Board of Fund Commissioners that annually elects an Executive Committee. The Fund is regulated by the Department of Banking and Insurance and the Department of Community Affairs. Proposers are encouraged to review the MEL's web site (njmel.org) for further details on the MEL's operations and structure.
- 3.2 There are currently 19 individual Joint Insurance Funds participating in the MEL program. Together, the JIFs represent 589 members which are comprised of municipalities, utility authorities, housing authorities, fire districts and health commissions. It is anticipated that the number of participants will continue to grow at a gradual rate. Membership has been historically stable, but changes in membership occur. Attached in Exhibit A is a listing of 2019 members.

4.0 MINIMUM QUALIFICATIONS

- 4.1 The proposer shall have experience and the capacity to deliver the services requested under this RFP.
- 4.2 The proposer shall possess experience and knowledge of regulations of the Local Public Contracts Law, the New Jersey Office of Emergency Management and the Federal Emergency Management Agency, including experience in documenting work for FEMA reimbursement. Respondents shall list at least three references describing work it has done for New Jersey government agencies and the services it has provided in responses to FEMA declared disasters and/or locally declared emergencies (such as sewer back-ups, water damage or fire damage). (Proposal Submission #1).
- 4.3 Proposers agree that they will only provide such services they are qualified to perform and when that work requires a separate state license, that the proposer or subcontractor will possess the necessary license.
- 4.4 The proposer shall maintain general liability, automobile liability, and Worker's Compensation Insurance in amounts consistent with industry standards for the work being performed. The insurance companies must be licensed to do business in the State of New Jersey and be in compliance with any and all applicable requirements of the State of New Jersey. Proposers shall, upon commencing an engagement with a member, provide that member Certificates of said insurance to the member, naming the member as an additional insured.
- 4.5 Proposers shall indicate in the proposal what if any licenses they possess to include but not limited to:
 - 4.5.1 State, National or private industry certifications and specialized training by company members.
- 4.6 Equipment listings:
 - 4.6.1 The proposer shall indicate in their proposal the detailed listing of equipment at hand, timeliness of response and rate of equipment and personnel.

5.0 CONTRACT PROVISIONS

- 5.1 This RFP is for contractors to provide the following services on an emergency basis. Vendors may provide any or all of the requested services.
- 5.2 Demolition of unsafe structures
- 5.3 Emergency power supply, if necessary, to complete emergency service
- 5.4 ~~covered cause of loss~~ Hazardous material containment/recovery/remediation (when it is result of covered cause of loss)
- 5.5 Roadway and underground utility damage recovery (when it is result of covered cause of loss). Securing damaged/unsafe facilities, including but not limited to board-ups, debris removal and disposal
- 5.6 Video & still photographic record of affected areas prior to and after operations
- 5.7 Water and fire/smoke related damage recovery/remediation to buildings, including but not limited to water extraction, mold remediation, and interior cleaning, inventory, and relocation
- 5.8 When services are offered, contractors and subcontractors are required to charge labor rates and follow laws and regulations pursuant to NJ Laws on Prevailing Wage Rates on Construction-Related Public Works Projects, (N.J.S.A. 34:11-56.25 et seq.) as appropriate to the work. Contractor is fully responsible for compliance and shall hold the MEL and its members harmless from any complaints of non-compliance.
- 5.9 See NJ Department of Labor and Workforce Development information at: http://lwd.dol.state.nj.us/labor/wagehour/regperm/public_contracts_general.html
- 5.10 It is possible that some work will not fall under Prevailing Wage laws. Proposers shall submit “all-inclusive” hourly wage rates for any non-prevailing wage work (Proposal Submission #5).
- 5.11 Proposers are required to provide responses on a 24/7/365 basis.
- 5.12 Compliance with State labor laws for overtime work (over 40 hours/week) are considered default
- 5.13 Responders are to provide their own **all-inclusive** price sheets that will apply for these services. Vendors may also provide cost-based markups rates for non-specified items.
- 5.14 All services shall be provided in accordance with all relevant industry standards and regulatory requirements and by licensed or certified workers as required by law.

- 5.15 This contract shall not apply to circumstances where the contracting unit has time to prepare appropriate RFP specifications otherwise required in response to non-emergency circumstances or federally declared disaster regulations or other compliance with New Jersey law.
- 5.16 If the work required by the member involves the Proposer providing materials and supplies that are not listed on their proposal, the material and supplies will be considered as reimbursements on the net price paid by the Proposer, subject to any mark-up proposed in this RFP (Proposal Submission #1). The basis for the reimbursement shall be inclusive of any and all discounts and rebates provided to the Provider from the provider's vendor.
- 5.17 While the Fund will recognize successful proposers, all contracts will be between the proposer and the member and based on submission and these terms.

6.0 FEMA RESPONSE

- 6.1 When operating in response to a FEMA-declared disaster, proposer agrees to keep the FEMA required documentation, comply with FEMA requirements and rules, and will submit billing in a manner consistent with FEMA reimbursement requirements.
- 6.2 The following shall apply to all contract's issues by a MEL member under this RFP:
- 6.3 **Statutory Compliance:** Proposers are obligated to comply with 1) N.J.S.A. 34:11-56.25 et seq. the New Jersey State Prevailing Wage Act as applicable; and 2) the equal employment opportunity and affirmative action in public contracting requirements of N.J.S.A. 10:5-31 et seq. and N.J.A.C. 17:27. It is the proposer's responsibility to ensure compliance with each MEL member using this RFP.

7.0 MANDATORY CONTENTS OF PROPOSAL

- 7.1 **Contact Information: Provide the name and address of the firm, the name, telephone number, fax number, and e-mail address of the individual responsible for the preparation of the proposal (Proposal Form page 1).**
- 7.2 Completed Submission #1 showing:
 - 7.2.1 Counties served: Proposer shall indicate on the Proposal Form those counties that they choose to serve.
 - 7.2.2 The location of the office or offices at which the proposer proposes to perform services required under this RFP.
- 7.3 Indication of the services the responder is providing.
 - 7.3.1 A copy of Price Sheets and Rate Schedules that will be applicable for the term of the proposal.
 - 7.3.2 The responder shall indicate if it is willing to accept the reimbursement rate approved by FEMA in the event the emergency service was performed pursuant to an event eligible for FEMA reimbursement.
 - 7.3.3 If not, the responder shall specify how its fees differ from FEMA reimbursement rates.
- 7.4 Statement of how supplies not included on price sheets will be priced.

8.0 SWMVB BE BUSINESS ENTERPRISE

- 8.1 Indicate if the proposer is registered as a small, woman's, minority or veterans owned business enterprise ("SWMVBE") with the New Jersey Small Business Set-Aside Program Details are available at: www.nj.gov/njbusiness/contracting/sbsa/. (Proposal Submission #5)

9.0 REFERENCES AND RESOURCES

- 9.1 The proposer shall include at least three (3) references including the contact names, titles and phone numbers. These references must be from a municipality, housing authority, utility/sewer authority or fire district (Proposal Submission #3).
- 9.2 A description of resources of the proposer: i.e., background, location, experience, staff resources, financial resources, other resources, and any other information that will document how the proposer meets the requirements of the RFP (Proposal Submission #4).

10.0 EVALUATION COMMITTEE

The MEL Management Committee shall serve as the “Evaluation Committee” for this RFP.

11.0 INTERVIEW & CLARIFICATIONS

The Fund reserves the right but has no obligation to interview any or all of the proposers and the right to request clarifying information subsequent to submission of the proposal.

12.0 SELECTION PROCESS AND CRITERIA

All proposals will be reviewed to determine responsiveness. Non-responsive proposals will be rejected without evaluation. For proposers that satisfy the minimum requirements, the Evaluation Committee will consider the compliance with the requirements, cost proposals, and the experience of the proposer to determine the vendors that will be recommended to members.

LOCAL PUBLIC CONTRACTS LAW – EMERGENCY PROVISIONS

40A:11-6. Emergency contracts

Any contract may be negotiated or awarded for a contracting unit without public advertising for bids and bidding therefor, notwithstanding that the contract price will exceed the bid threshold, when an emergency affecting the public health, safety or welfare requires the immediate delivery of goods or the performance of services; provided that the awarding of such contracts is made in the following manner:

- a. The official in charge of the agency wherein the emergency occurred, or such other officer or employee as may be authorized to act in place of that official, shall notify the purchasing agent, a supervisor of the purchasing agent, or a designated representative of the governing body, as may be appropriate to the form of government, of the need for the performance of a contract, the nature of the emergency, the time of its occurrence and the need for invoking this section. If that person is satisfied that an emergency exists, that person shall be authorized to award a contract or contracts for such purposes as may be necessary to respond to the emergent needs. Such notification shall be reduced to writing and filed with the purchasing agent as soon as practicable.
- b. Upon the furnishing of such goods or services, in accordance with the terms of the contract, the contractor furnishing such goods or services shall be entitled to be paid therefor and the contracting unit shall be obligated for said payment. The governing body of the contracting unit shall take such action as shall be required to provide for the payment of the contract price.
- c. The Director of the Division of Local Government Services in the Department of Community Affairs shall prescribe rules and procedures to implement the requirements of this section.
- d. The governing body of the contracting unit may prescribe additional rules and procedures to implement the requirements of this section.

L.1971, c. 198, s. 6; amended 1975, c. 353, s. 5; 1977, c. 53, s. 3; 1979, c. 350, s. 3; 1985, c. 60, s. 3; 1985, c. 469, s. 8; 1999, c. 440, s. 10.

SUBCHAPTER 6. EMERGENCY PURCHASES AND CONTRACTS

5:34-6.1 General requirements

(a) The use of emergency purchasing pursuant to N.J.S.A. 40A:11-6 or 18A:18A-7 shall be subject to the following requirements:

1. An actual or imminent emergency must exist requiring the immediate delivery of the goods or the performance of the service;
2. As soon as reasonably possible, but within three days of declaring the emergency, the chief school administrator of a board of education shall notify the superintendent of education for the county of the nature of the emergency and the estimated needs for goods and services necessary to respond to it;
3. The emergency purchasing procedure may not be used unless the need for the goods or

services could not have been reasonably foreseen or the need for such goods or services has arisen notwithstanding a good faith effort on the part of the contracting unit to plan for the purchase of any goods or services required by the contracting unit;

4. The contract shall be of such limited duration as to meet only the immediate needs of the emergency; and

5. Under no circumstances shall the emergency purchasing procedure be used to enter into a multi-year contract.

(b) The governing body of each contracting unit shall adopt rules or regulations as appropriate to the contracting unit to ensure that there is a procedure for determining and confirming the existence of an emergency and that the provisions for emergency purchasing pursuant to N.J.S.A. 40A:11-6 or 18A:18A-7 may be implemented. Such rules or regulations shall include such provisions that ensure that if initially designated individuals are not available, there is a designated chain of command to ensure that there are always appropriate individuals available to make such decisions.

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
 - Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
 - Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
 - Form 1099-S (proceeds from real estate transactions)
 - Form 1099-K (merchant card and third party network transactions)
 - Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
 - Form 1099-C (canceled debt)
 - Form 1099-A (acquisition or abandonment of secured property)
- Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.

ServiceMaster In Action

HURRICANE IDA

Ten divisions of SRM deployed and over 750 ServiceMaster employees serviced numerous clients affected by Hurricane Ida in both the public and private sector.

WHEN YOU NEED HELP, WE'RE THERE.

ServiceMaster® has been in the disaster restoration business for more than 60 years. We have helped thousands of **businesses, corporations, and government municipalities** overcome major damage to their workplaces.

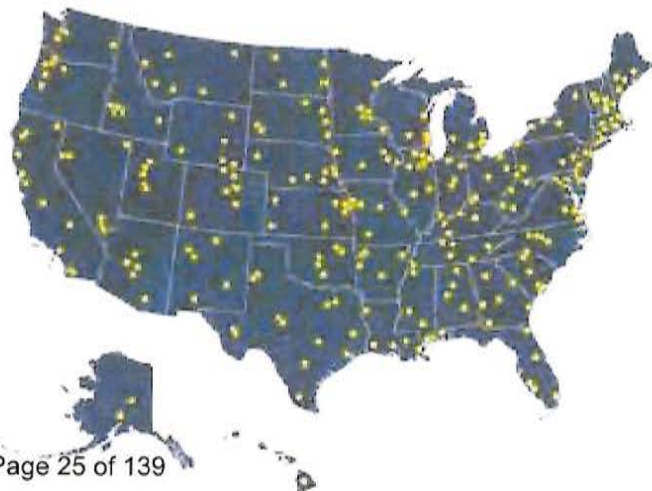

Coping with the loss after a water, fire or similar disaster is an arduous process for commercial property owners, and managers of local, county, and government municipality buildings. The combination of seeing your property damaged and not knowing what to do can be overwhelming. During times of crisis, having a reliable resource is crucial.

SERVICEMASTER BY TIMELESS IS YOUR PARTNER AND WILL BE THERE TO GUIDE YOU.

Throughout the recovery process, ServiceMaster will work step-by-step alongside all government entities and commercial business clients.

When you contact us, we spring into action, and our team will be on-site within 4 hours or less. We offer a proactive response by using advanced equipment and resource staging. We have unparalleled resources and reach-back capabilities. This fast response can save valuable time, including rescuing items and property that might otherwise be unsalvageable. Our response time, along with our expertise in restoration, allows us to provide quick resolutions, standardized prices, and controlled-loss ratios. We also advise our commercial and municipal clients regarding restoration versus replacement decisions.

With over 250 Commercial Restoration Specialists and 700 Quality Restoration Vendor (QRV) locations throughout the USA, ServiceMaster restoration professionals are uniquely qualified to handle your recovery needs, as evidenced by our many successful responses to Hurricane Ida.

STEP 1 PRE-LOSS PLANNING

When it comes to keeping your commercial property safe, the best defense is a good offense. At ServiceMaster by Timeless, we believe that **effective preparation** is the best way to help minimize damages when disasters strike.

ServiceMaster offers **the only Pre-Loss Plan in the industry**. We assist all government, county, municipality, and commercial businesses. You can rest assured that your organization will receive the highest priority response from our vast local, regional, and national resources.

It is common for business owners to be so focused on their day-to-day activities that they do not put a disaster plan in place to respond to floods, fires, severe weather, and other disasters. Our ServiceMaster professionals will help you form a comprehensive Pre-Loss Plan that offers protection for your municipality or commercial business. We will work with you to assess your situation and determine the best plan of action for you and your employees to prepare for any size disaster (small or large).

WHY HAVE A PRE-LOSS PLAN?

Many business owners fear large-scale disasters, yet 84% of commercial property losses are caused by smaller disasters. But even these smaller disasters can severely damage and impact local and county government municipalities as well as privately owned business. Some examples of minor problems that can become major issues include broken sprinkler systems, electrical fires, sewage back-ups, loss of power and burst pipes.

A natural disaster can happen at any time. But if you do not have a plan in place to respond to the disaster, you are more likely to experience serious damage that will disrupt your business and cost you both time and money.

BENEFITS OF SERVICEMASTER'S PRE-LOSS PLAN:

- Minimize financial loss and disruption to your business
- Minimize damage to commercial property
- Speed up the restoration

STEP 2 HIGHEST PRIORITY RESPONSE PROGRAM

ServiceMaster has developed the industry's Highest Priority Response Program. Every aspect of our program is **engineered with the clients' interests in mind**, from individual property preparation and planning to established lines of communication regarding potential threats.

When you sign up for our Priority Response Program, you are truly gaining a **partner in protecting and restoring your property**. ServiceMaster does not believe in prioritizing clients based on the retainer they are willing to pay, and have never had to deny clients service due to lack of resources. **We offer this program free of charge to our clients.**

This is NOT just a plan and response, but a continuous partnership.

BENEFITS OF SERVICEMASTER'S PRIORITY RESPONSE PROGRAM:

- Ensure employees and managers know what to do to continue operations during the restoration process
- Prepare for working remotely if possible during the restoration process
- Avoid having to shut-down or lose your business

STEP 3

POST-LOSS RECOVERY PLAN

A natural disaster can send many business owners into a tailspin.

Damage to your commercial building and office equipment may make it necessary to suspend business operations, costing you and your employees their time, money, livelihoods, and possibly even some of them their careers.

At ServiceMaster we provide a Post-Loss Recovery Plan to help businesses affected by a natural disaster. After arriving to your location within 4 hours from the time of your initial call, our team of professional technicians will get your local and county government municipality or privately owned commercial business fully restored and your business back in operation as soon as safely possible. ServiceMaster will quickly assess the extent of the damage so we can create and implement a comprehensive Post-Loss Recovery Plan to completely restore your commercial property.

BENEFITS OF SERVICEMASTER'S POST-LOSS RECOVERY PLAN:

- Provide early access to generators for any size commercial business structure
- Offer warming centers if necessary due to inclement weather
- Work in concert with all Location Managers and Insurance Adjusters as necessary and/or if requested

MATTERPORT TECHNOLOGY

At ServiceMaster, we utilize Matterport Technology to create a comprehensive pre-loss documentation of inventory and conditions. This enables us to provide a complete and thorough damage assessment of your local and county government municipality or privately owned commercial business property.

Matterport Technology is the standard for 3D visual space capture recording and auto-mapping. Their all-in-one platform transforms real-life spaces into immersive digital twin models, infinitely better than standard panoramic scans.

Everyone – policyholder, adjuster and contractor – can all agree that the HDR photography, interactive 3D walkthroughs, and digital measurements displayed in a Matterport 3D scan are indisputable. In Matterport, every scan point is time-stamped, there is no ability to alter photos, and dimensions are accurate within 1%. Matterport empowers people to capture and connect rooms to create truly interactive 3D models of spaces, and serves as an important tool in quantifying lost inventory after a disaster.

WHY SERVICEMASTER USES MATTERPORT TECHNOLOGY:

- Accurate and Efficient Measuring
- HDR Quality Pictures
- Interactive 3D Walkthroughs
- Commercial Business Protection (Matterport disrupts Insurance Claims & Restoration Disputes)

In the property insurance world, agreeing upon what reality was actually at a certain point in time is "mission critical" for all sides involved in a claim.

Labor Considerations

1. The above rates apply to personnel engaged to fulfill the terms of the contract, whether regular full time employees of ServiceMaster Recovery Management (SRM), employees of ServiceMaster franchisees, temporary hires employed directly by SRM or personnel secured through a labor service or vendor source.
2. Standard rates will apply to the first 8 hours worked per day. Overtime (1.5 x the standard rate) will be charged for hours worked over 8 hours per day .
3. Work on Saturdays and Sundays will be charged at 1.5 x the standard rate for all hours worked.
4. In the event SRM personnel are dispatched to perform emergency services between the hours of 5 p.m. and 8 a.m., those hours will be charged at 1.5 times the standard rate.
5. All hours worked on SRM recognized holidays (New Years Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, Christmas Eve, and Christmas Day) will be charged at 2 times the regular rate.
6. In the event that SRM is required to pay time and a half for any work performed, pursuant to State or Federal law, the rates charged will be 1.5 times the standard hourly rate.
7. In the event that SRM is required to pay double time for any work performed, pursuant to State or Federal law, the rates charged will be 2 times the standard hourly rate.
8. Prevailing Rate: (Davis Bacon Act) Prevailing rates will be paid on all applicable jobs that fall under the (Davis Bacon Act) Prevailing Rate Wage. Rates will be obtained from State where work is being performed. THE CUSTOMER will be responsible for notifying SRM if Prevailing rates apply. SRM will adjust rates as necessary.

Labor Considerations: Continued

9. To the extent the work under a particular contract is subject to Federal and State minimum wage or hour laws or collective bargaining agreements which modify SRM standard rates and practices, adjustments shall be made to the hourly rate and other labor provisions as necessary.
10. When circumstances beyond our control require Personnel or casual labor under contract to be delayed from beginning work, the Standard Rate/Hour will be charged per labor category, per person delayed.
11. Travel Time shall be billed at the applicable labor rate for personnel traveling to and from a job.
12. Management of Customer Labor force line is utilized when SRM is managing the customer's labor force. The customer is responsible for paying the wages, associated taxes, benefits and insurance for their own employees.
13. SRM Reserves the right to add additional labor classifications with rates determined by SRM.
14. 4.**** Labor Rates listed exclude environmental, hazardous materials, bio-hazard, and trauma cleanup services.

Travel and Subsistence Considerations

1. The company shall be compensated for Per Diem for out of town workers at the rate of \$60 per person, per day for each day personnel (excluding casual labor, unless otherwise negotiated) work on the project plus twenty percent.
2. Travel and related expense charges will be invoiced at cost plus 20%
3. SRM shall be compensated for Lodging at the rate of cost plus 20%.

Taxes and Fees

1. The rates contained in this Schedule are exclusive of any associated permits or fees. Those Permit costs and Fees shall be billed by the company to the customer, and shall be compensated for all such costs on the basis of actual costs incurred for such items plus 20%.
2. Federal, state, and local taxes will be charged at cost as required by laws where services are provided. If the customer is Tax Exempt, it must make the company aware of this exemption, and provide the company with copies of all such supporting Tax Exempt status. Any Tax incurred by the company prior to such notification of a Tax Exempt status, shall be reimbursed to the company by the customer. All taxes are not included in any "Not to Exceed" or "Lump Sum" Contract, and shall be treated as additional billing above and beyond these amounts.

Catastrophe Considerations

1. A Catastrophe Surcharge of 5% of the total billing will be added to all billing to capture the significant costs required in the coordinated response to a catastrophic event which are not specifically addressed elsewhere in the rate schedule. Examples of these charges would be management, administrative support, warehousing, procurement and logistics.
2. In the event of a large scale regional event which prevents the use of traditional hotel accommodations, an allowance may be calculated to reflect the necessary alternatives such as travel trailers, mobile housing units, or man camps.

Subcontracted Services

1. Subcontracted services will be invoiced at cost plus 20%.

General Considerations

1. A small tools charge of 3% will be assessed on labor charges, with the exception of Project Manager, Assistant Project Manager, Project Accountant, and Clerk.

Equipment Considerations

- The listed rates are to be applied to all equipment used in the performance of the work for any calendar day or portion thereof in which the equipment is used.
- During the course of work, SRM may find it necessary to purchase equipment not scheduled under the Daily Rate. In those situations, the Daily Rate shall be an acceptable industry daily rental rate determined by SRM.
- The rental rate and associated charges for any item of equipment rented from a third party vendor, used in the performance of the Work, whether it is on the schedule or not, shall be billed at cost plus 20%.
- If any company owned, leased or rented asset is damaged or rendered unfit for use by the actions or inactions of the customer, its agents or representatives, the customer if negligent, shall be responsible for replacing such asset at their expense.
- Equipment that is held at the customer's request, but not in use, will be invoiced at the full daily rate (or weekly rate if applicable to the type of equipment being held). In the event the equipment is from a 3rd party vendor then the equipment will be charged at cost plus 20%.
- SRM reserves the right to add to the equipment schedule during the course of the work.
- SRM shall invoice the customer for the transportation of equipment and materials to the project, and for the return of equipment and materials back from the project at cost plus 20% for 3rd party vendors. Transportation by SRM staff will be invoiced at the scheduled rates, plus applicable mileage charges.
- Equipment Terms: *Applicable Equipment Terms will be applied based on the following defined rule – Each Piece of Equipment must run for 7 days to qualify for weekly rate and run for 30 days to qualify for Monthly Rate. Weekly rate is 5 x Published Daily Rate and Monthly is 20 x Published Daily rates. The first seven days will not be eligible for terms.**
- Vehicle and Equipment rates do not include cost of fuel, DEF, and preventative maintenance.**

N.J.A.C. 17:27-1.1 et seq.

CONSTRUCTION CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affectional or sexual orientation and gender identity or expression, the contractor will ensure that equal employment opportunity is afforded to such applicant's in recruitment and employment, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Such equal employment opportunity shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this nondiscrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex.

The contractor or subcontractor will send to each labor union, with which it has a collective bargaining agreement, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment. The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer, pursuant to N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.

When hiring or scheduling workers in each construction trade, the contractor or subcontractor agrees to make good faith efforts to employ minority and women workers in each construction trade consistent with the targeted employment goal prescribed by N.J.A.C. 17:27-7.2; provided, however, that the Dept. of LWD, Construction EEO Monitoring Program, may, in its discretion, exempt a contractor or subcontractor from compliance with the good faith procedures prescribed by the following provisions, A, B, and C, as long as the Dept. of LWD, Construction EEO Monitoring Program is satisfied that the contractor or subcontractor is employing workers provided by a union which provides evidence, in accordance with standards prescribed by the

Dept. of LWD, Construction EEO Monitoring Program, that its percentage of active "card carrying" members who are minority and women workers is equal to or greater than the targeted employment goal established in accordance with N.J.A.C. 17:27-7.2. The contractor or subcontractor agrees that a good faith effort shall include compliance with the following procedures:

(A) If the contractor or subcontractor has a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor shall, within three business days of the contract award, seek assurances from the union that it will cooperate with the contractor or subcontractor as it fulfills its affirmative action obligations under this contract and in accordance with the rules promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et. seq., as supplemented and amended from time to time and the Americans with Disabilities Act. If the contractor or subcontractor is unable to obtain said assurances from the construction trade union at least five business days prior to the commencement of construction work, the contractor or subcontractor agrees to afford equal employment opportunities minority and women workers directly, consistent with this chapter. If the contractor's or subcontractor's prior experience with a construction trade union, regardless of whether the union has provided said assurances, indicates a significant possibility that the trade union will not refer sufficient minority and women workers consistent with affording equal employment opportunities as specified in this chapter, the contractor or subcontractor agrees to be prepared to provide such opportunities to minority and women workers directly, consistent with this chapter, by complying with the hiring or scheduling procedures prescribed under (B) below; and the contractor or subcontractor further agrees to take said action immediately if it determines that the union is not referring minority and women workers consistent with the equal employment opportunity goals set forth in this chapter.

(B) If good faith efforts to meet targeted employment goals have not or cannot be met for each construction trade by adhering to the procedures of (A) above, or if the contractor does not have a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor agrees to take the following actions:

(1) To notify the public agency compliance officer, the Dept. of LWD, Construction EEO Monitoring Program, and minority and women referral organizations listed by the Division pursuant to N.J.A.C. 17:27-5.3, of its workforce needs, and request referral of minority and women workers;

(2) To notify any minority and women workers who have been listed with it as awaiting available vacancies;

(3) Prior to commencement of work, to request that the local construction trade union refer minority and women workers to fill job openings, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade;

(4) To leave standing requests for additional referral to minority and women workers with the local construction trade union, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade, the State Training and Employment Service and other approved referral sources in the area;

(5) If it is necessary to lay off some of the workers in a given trade on the construction site, layoffs shall be conducted in compliance with the equal employment opportunity and nondiscrimination

standards set forth in this regulation, as well as with applicable Federal and State court decisions;

(6) To adhere to the following procedure when minority and women workers apply or are referred to the contractor or subcontractor:

The contractor or subcontractor shall interview the referred minority or women worker.

If said individuals have never previously received any document or certification signifying a level of qualification lower than that required in order to perform the work of the construction trade, the contractor or subcontractor shall in good faith determine the qualifications of such individuals. The contractor or subcontractor shall hire or schedule those individuals who satisfy appropriate qualification standards in conformity with the equal employment opportunity and non-discrimination principles set forth in this chapter. However, a contractor or subcontractor shall determine that the individual at least possesses the requisite skills, and experience recognized by a union, apprentice program or a referral agency, provided the referral agency is acceptable to the Dept. of LWD, Construction EEO Monitoring Program. If necessary, the contractor or subcontractor shall hire or schedule minority and women workers who qualify as trainees pursuant to these rules. All of the requirements, however, are limited by the provisions of (C) below.

The name of any interested women or minority individual shall be maintained on a waiting list, and shall be considered for employment as described in (i) above, whenever vacancies occur. At the request of the Dept. of LWD, Construction EEO Monitoring Program, the contractor or subcontractor shall provide evidence of its good faith efforts to employ women and minorities from the list to fill vacancies.

If, for any reason, said contractor or subcontractor determines that a minority individual or a woman is not qualified or if the individual qualifies as an advanced trainee or apprentice, the contractor or subcontractor shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Dept. of LWD, Construction EEO Monitoring Program.

(7) To keep a complete and accurate record of all requests made for the referral of worker's in any trade covered by the contract, on forms made available by the Dept. of LWD, Construction EEO Monitoring Program and submitted promptly to the Dept. of LWD, Construction EEO Monitoring Program upon request.

(C) The contractor or subcontractor agrees that nothing contained in (B) above shall preclude the contractor or subcontractor from complying with the union hiring hall or apprenticeship policies in any applicable collective bargaining agreement or union hiring hall arrangement, and, where required by custom or agreement, it shall send journeymen and trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement or arrangement. However, where the practices of a union or apprenticeship program will result in the exclusion of minorities and women or the failure to refer minorities and women consistent with the targeted county employment goal, the contractor or subcontractor shall consider for employment persons referred pursuant to (B) above without regard to such agreement or arrangement; provided further, however, that the contractor or subcontractor shall not be required to employ women and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as a percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker

ratio specified in the applicable collective bargaining agreement, or in the absence of a collective bargaining agreement, exceeds the ratio established by practice in the area for said construction trade. Also, the contractor or subcontractor agrees that, in implementing the procedures of (B) above, it shall, where applicable, employ minority and women workers residing within the geographical jurisdiction of the union.

After notification of award, but prior to signing a construction contract, the contractor shall submit to the public agency compliance officer and the Dept. of LWD, Construction EEO Monitoring Program an initial project workforce report (Form AA-201) electronically provided to the public agency by the Dept. of LWD, Construction EEO Monitoring Program, through its website, for distribution to and completion by the contractor, in accordance with N.J.A.C. 17:27-7. The contractor also agrees to submit a copy of the Monthly Project Workforce Report once a month thereafter for the duration of this contract to the Dept. of LWD, Construction EEO Monitoring Program, and to the public agency compliance officer.

The contractor agrees to cooperate with the public agency in the payment of budgeted funds, as is necessary, for on-the-job and/or off-the job programs for outreach and training of minorities and women.

(D) The contractor and its subcontractors shall furnish such reports or other documents to the Dept. of LWD, Construction EEO Monitoring Program as may be requested by the Dept. of LWD, Construction EEO Monitoring Program from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Dept. of LWD, Construction EEO Monitoring Program for conducting a compliance investigation pursuant to N.J.A.C. 17:27-1.1 et seq.

**NEW JERSEY ANTI-DISCRIMINATION PROVISIONS
N.J.S.A. 10:2-1 ET SEQ.**

Pursuant to N.J.S.A. 10:2-1, if awarded a contract, the contractor agrees that:

a. In the hiring of persons for the performance of work under this contract or any subcontract hereunder, or for the procurement, manufacture, assembling or furnishing of any such materials, equipment, supplies or services to be acquired under this contract, no contractor, nor any person acting on behalf of such contractor or subcontractor, shall, by reason of race, creed, color, national origin, ancestry, marital status, gender identity or expression, affectional or sexual orientation or sex, discriminate against any person who is qualified and available to perform the work to which the employment relates;

b. No contractor, subcontractor, nor any person on his behalf shall, in any manner, discriminate against or intimidate any employee engaged in the performance of work under this contract or any subcontract hereunder, or engaged in the procurement, manufacture, assembling or furnishing of any such materials, equipment, supplies or services to be acquired under such contract, on account of race, creed, color, national origin, ancestry, marital status, gender identity or expression, affectional or sexual orientation or sex;

c. There may be deducted from the amount payable to the contractor by the contracting public agency, under this contract, a penalty of \$50.00 for each person for each calendar day during which such person is discriminated against or intimidated in violation of the provisions of the contract; and

d. This contract may be canceled or terminated by the contracting public agency, and all money due or to become due hereunder may be forfeited, for any violation of this section of the contract occurring after notice to the contractor from the contracting public agency of any prior violation of this section of the contract.

ISSUANCE CERTIFICATE OF EMPLOYEE INFORMATION REPORT

Enclosed is your Certificate of Employee information Report (hereinafter referred to as the "Certificate" and issued based on the Employee Information Report (AA-302) form completed by a representative of your company or firm. Immediately upon receipt, this certificate should be forwarded to the person in your company or firm responsible for ensuring equal employment opportunity and/or overseeing the company or firm's contracts with public agencies. Typically, this person may be your company or firm's Human Resources Manager, Equal Employment Opportunity Officer or Contract Administrator. If you do not know to whom the certificate should be forward, kindly forward it to the head of your company or firm. Copies of the certificate should also be distributed to all facilities of your company or firm who engage in bidding on public contracts in New Jersey and who use the same federal identification number and company name. The certificate should be retained in your records until the date it expires. This is very important since a request for a duplicate/replacement certificate will result in a \$75.00 fee.

On future successful bids on public contracts, your company or firm must present a photocopy of the certificate to the public agency awarding the contract after notification of the award but prior to execution of a goods and services or professional services contract. Failure to present the certificate within the time limits prescribed may result in the awarded contract being rescinded in accordance with N.J.A.C. 17:27-4.3b.

Please be advised that this certificate has been approved only for the time periods stated on the certificate. As early as ninety (90) days prior to its expiration, the Division will forward a renewal notification. To expedite the process, all vendors are encouraged to complete and file renewal documents electronically on our new online system at www.state.nj.us/treasury/contract_compliance. Upon the Division's receipt of a properly completed renewal application and \$150.00 application fee, it will issue a renewal certificate. In addition, representatives from the Division may conduct periodic visits and/or request additional information to monitor and evaluate the continued equal employment opportunity compliance of your company or firm. Moreover, the Division may provide your company or firm with technical assistance, as required. Please be sure to notify the Division immediately if your company's federal identification number, name or address changes.

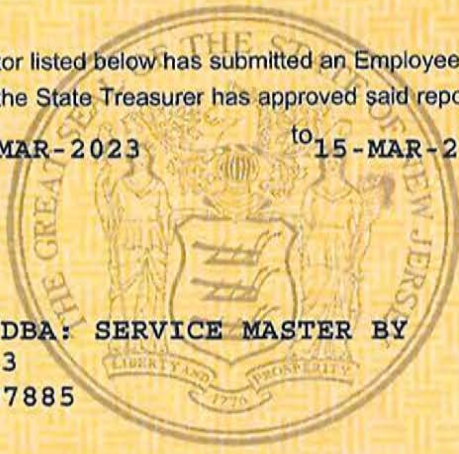

If you have any questions, please call (609) 292-5473 and a representative will be available to assist you.

New Jersey Business Registration Certification

Pursuant to N.J.S.A. 52:32-44, **The Fund**("Contracting Agency") is prohibited from entering into a contract with an entity unless the bidder/proposer/contractor, and each subcontractor that is required by law to be named in a bid/proposal/contract has a valid Business Registration Certificate on file with the Division of Revenue and Enterprise Services within the Department of the Treasury.

Prior to contract award or authorization, the contractor shall provide the Contracting Agency with its proof of business registration and that of any named subcontractor(s).

Subcontractors named in a bid or other proposal shall provide proof of business registration to the bidder, who in turn, shall provide it to the Contracting Agency prior to the time a contract, purchase order, or other contracting document is awarded or authorized.

During the course of contract performance:

- (1) the contractor shall not enter into a contract with a subcontractor unless the subcontractor first provides the contractor with a valid proof of business registration.
- (2) the contractor shall maintain and submit to the Contracting Agency a list of subcontractors and their addresses that may be updated from time to time.
- (3) the contractor and any subcontractor providing goods or performing services under the contract, and each of their affiliates, shall collect and remit to the Director of the Division of Taxation in the Department of the Treasury, the use tax due pursuant to the Sales and Use Tax Act, (N.J.S.A. 54:32B-1 et seq.) on all sales of tangible personal property delivered into the State. Any questions in this regard can be directed to the Division of Taxation at (609)292-6400. Form NJ-REG can be filed online at <http://www.state.nj.us/treasury/revenue/busregcert.shtml>.

Before final payment is made under the contract, the contractor shall submit to the Contracting Agency a complete and accurate list of all subcontractors used and their addresses.

Pursuant to N.J.S.A. 54:49-4.1, a business organization that fails to provide a copy of a business registration as required, or that provides false business registration information, shall be liable for a penalty of \$25 for each day of violation, not to exceed \$50,000, for each proof of business registration not properly provided under a contract with a contracting agency.

Emergency Purchases or Contracts

For purchases of an emergent nature, the contractor shall provide its Business Registration Certificate within two weeks from the date of purchase or execution of the contract or prior to payment for goods or services, whichever is earlier.

Prohibited Russia-Belarus Activities & Iran Investment Activities

Person or Entity

Timeless Restore LLC, DBA ServiceMaster by Timeless

Part 1: Certification

COMPLETE PART 1 BY CHECKING **ONE OF THE THREE BOXES BELOW**

Pursuant to law, any person or entity that is a successful bidder or proposer, or otherwise proposes to enter into or renew a contract, for goods or services must complete the certification below prior to contract award to attest, under penalty of perjury, that neither the person or entity, nor any parent entity, subsidiary, or affiliate, is identified on the Department of Treasury's Russia-Belarus list or Chapter 25 list as a person or entity engaging in prohibited activities in Russia, Belarus or Iran. Before a contract for goods or services can be amended or extended, a person or entity must certify that neither the person or entity, nor any parent entity, subsidiary, or affiliate, is identified on the Department of Treasury's Russia-Belarus list. Both lists are found on Treasury's website at the following web addresses:

<https://www.nj.gov/treasury/administration/pdf/RussiaBelarusEntityList.pdf>
www.state.nj.us/treasury/purchase/pdf/Chapter25List.pdf.

As applicable to the type of contract, the above-referenced lists must be reviewed prior to completing the below certification.

A person or entity unable to make the certification must provide a detailed, accurate, and precise description of the activities of the person or entity, or of a parent entity, subsidiary, or affiliate, engaging in prohibited activities in Russia or Belarus and/or investment activities in Iran. The person or entity must cease engaging in any prohibited activities and provide an updated certification before the contract can be entered into.

If a vendor or contractor is found to be in violation of law, action may be taken as appropriate and as may be provided by law, rule, or contract, including but not limited to imposing sanctions, seeking compliance, recovering damages, declaring the party in default, and seeking debarment or suspension of the party.

CONTRACT AWARDS AND RENEWALS

I certify, pursuant to law, that neither the person or entity listed above, nor any parent entity, subsidiary, or affiliate appears on the N.J. Department of Treasury's lists of entities engaged in prohibited activities in Russia or Belarus pursuant to P.L. 2022, c. 3 or in investment activities in Iran pursuant to P.L. 2012, c. 25 ("Chapter 25 List"). I further certify that I am the person listed above, or I am an officer or representative of the entity listed above and am authorized to make this certification on its behalf. (Skip Part 2 and sign and complete the Certification below.)

CONTRACT AMENDMENTS AND EXTENSIONS

I certify, pursuant to law, that neither the person or entity listed above, nor any parent entity, subsidiary, or affiliate is listed on the N.J. Department of the Treasury's lists of entities determined to be engaged in prohibited activities in Russia or Belarus pursuant to P.L. 2022, c. 3. I further certify that I am the person listed above, or I am an officer or representative of the entity listed above and am authorized to make this certification on its behalf. (Skip Part 2 and sign and complete the Certification below.)

IF UNABLE TO CERTIFY

I am unable to certify as above because the person or entity and/or a parent entity, subsidiary, or affiliate is listed on the Department's Russia-Belarus list and/or Chapter 25 Iran list. Fund

General Conditions - Construction

all prospective bidders. All addenda so issued shall become part of the specification and bid documents and shall be acknowledged by the bidder in the bid by completing the Acknowledgement of Receipt of Addenda form. The owner's interpretations or corrections thereof shall be final.

- Pursuant to N.J.S.A. 40A:11-23(c)(1) when issuing addenda, the owner shall provide required notice prior to the official receipt of bids to any person who has submitted a bid or who has received a bid package. They will be sent from scanning@TheCanningGroup.org. It is recommended that the bidder understands and agrees that its bid is submitted on the basis of the specifications prepared by the Fund. The bidder accepts the obligation to become familiar with these specifications.
- The bidder understands and agrees that its bid is submitted on the basis of the specifications prepared by the Fund. The bidder accepts the obligation to become familiar with these specifications.
- Bidders are expected to examine the specifications and related documents with care and observe all their requirements. Ambiguities, errors or omissions noted by bidders should be promptly reported in writing to the appropriate Fund official. In the event the bidder fails to notify the Fund of such ambiguities, errors or omissions, the bidder shall be bound by the bid.
- No oral interpretation of the meaning of the specifications will be made to any bidder. Every request for an interpretation shall be in writing, addressed to the Fund's representative stipulated in the bid. In order to be given consideration, written requests for interpretation must be received at least five (5) days prior to the date fixed for the opening of the bids. Any and all such interpretations and any supplemental instructions will be in the form of written addenda to the specifications, and will be distributed to all prospective bidders, in accordance with N.J.S.A. 40A: 11-23. All addenda so issued shall become part of the contract documents, and shall be acknowledged by the bidder in the bid. The Fund's interpretations or corrections thereof shall be final.
- Discrepancies in the Bid
 - If the amount shown in words and its equivalent in figures do not agree, the written words shall be binding. Ditto marks are not considered writing or printing and shall not be used.
 - In the event that there is a discrepancy between the unit prices and the extended totals, the unit prices shall prevail. In the event there is an error of the summation of the extended totals, the computation by the Fund of the extended totals shall govern.

If at any time, any of the foregoing policies shall be or become unsatisfactory to the Owner, as to form or substance, or if a company issuing any such policy shall be or become unsatisfactory to the Fund, the Contractor shall, upon notice to that effect from the Fund, within (90) days obtain a new policy, submit the same to the Fund for approval and submit a Certificate thereof as hereinabove provided. Upon failure of the Contractor to furnish, deliver and maintain such insurance as above provided, this Agreement, at the election of the Authority, may be forthwith declared suspended, discontinued or terminated. Failure of the Contractor to take out and/or maintain or the taking out and/or maintenance of any required insurance, shall not relieve the Contractor of any liability under the Agreement. All policies required above shall contain a ninety (90) day notice of cancellation and/or non-renewal and shall require the insured to notify the Fund of its intent to either cancel or not to renew immediately.

Fund

General Conditions - Construction

- Policies Shall Remain in Force

Policies shall remain in force until all work has been completed and until all retained percentages and maintenance bonds have been released.

- Subcontractors

Subcontractors shall be required, by the General Construction Contractor, to provide the same types of insurance with the same limits, as described above. The Contractor shall not allow any Subcontractor to commence work on his subcontract, until all similar insurance required of the Subcontractor has been so obtained and approved. Approval of the insurance by the Owner shall not relieve or decrease the liability of the Contractor hereunder.

Certificates and policies of insurance, covering each Subcontractor, shall also be filed with the A/E and Owner, before any work is begun by a Subcontractor.

- Naming Utility Companies as Insured

The Contractor shall carry Liability Insurance to cover damages to existing underground and above-ground facilities of the Utility Companies servicing the area covered under this Contract and the Owner. Specifically, this shall include all water and gas mains and service lines, wastewater collection line, treatment facilities and appurtenances, electric and telephone conduits and poles and other fixtures laid across or along the site of the work. Said Liability Insurance shall cover the Contractor for damages to other Utility Companies' facilities not only for that incident when damages are done to said facilities, but also for damages that may occur at a later date due to the Contractor's failure to properly tamp under or properly support by other approved methods, pipe lines, conduits, and other facilities of other Utility Companies at locations where pipes or structures (under this contract) are installed either under, over, or in close proximity to the existing facilities of the other Utility Companies within a period of twelve (12) months from completion.

- Certificate of Insurance

The contractor shall provide Certificates of the Required Insurance as listed above along with the contract as evidence covering Comprehensive General Liability, Comprehensive Automobile Liability, and where applicable, necessary Worker's Compensation and Employer's Liability

Insurance. Such coverage shall be with acceptable insurance companies operating on an admitted basis in the State of New Jersey and shall name the Fund as an additional insured. Said Certificates of Insurance shall state specifically that the Indemnification cited below is guaranteed by the policy. If such statement is not included in the body of the policy shall be typed on the face or back of the certificate.

- Indemnification

Successful bidder will indemnify and hold harmless the Fund from all claims, suits or action and damages or costs of every name and description to which the Fund may be subjected or put by reason of injury to the person or property of another, or the property of the Fund, including attorney's fees and costs relating to the defense of such claims, resulting from negligent acts or omissions on the part of the bidder, the bidder's agents, servants or subcontractors in the delivery of materials and supplies, or in the performance of the work under this agreement. The Fund shall be named "Additionally Insured" on the contractor's insurance policy.

SECTION VI - PREPARATION OF BIDS

- The Fund is exempt from any local, state or federal sales, use or excise tax. Exemption certificates will be provided when required
- Estimated Quantities (Open-end Contracts)

The Fund has attempted to identify the item(s) and the estimated amounts of each item bid to cover its requirements; however, past experience shows that the amount ordered may be different than that submitted for bidding. The right is reserved to decrease or increase the quantities specified in the specifications pursuant to N.J. A.C.5:34-4.9. NO MINIMUM PURCHASE IS IMPLIED OR GUARANTEED.

- Successful bidder shall be responsible for obtaining any applicable permits or licenses from any government entity that has jurisdiction to require the same. All bids submitted shall include this cost in the bid price agreement, unless stated specifically otherwise in the Technical Specifications.

SECTION VII - STATUTORY AND OTHER REQUIREMENTS

- The Contractor shall familiarize himself and comply with all Federal, State and local laws, ordinances and regulations, which in any manner affect those engaged or employed in the, work, the materials or equipment to be used, or the conduct of the work. No plea or misunderstanding will be

considered because of ignorance of the law.

STATE LAW REQUIRING MANDATORY COMPLIANCE BY ALL CONTRACTORS -
The statutes, laws or codes cited herein are available for review at the New Jersey State Library, 185 West State Street, Trenton, New Jersey 08625

If the CONTRACTOR observes that the Specifications or Drawings are at variance therewith, he will give the Fund prompt written notice thereof, and any necessary changes shall be adjusted by an appropriate modification. If the CONTRACTOR performs any work knowing it to be contrary to such laws, ordinances, rules and regulations, and without such notice to the Fund, he will bear all costs arising there from.

- Differing site conditions
 - If the contractor encounters differing site conditions during the progress of the work of the contract, the contractor shall promptly notify the contracting unit in writing of the specific differing site conditions encountered before the site is further disturbed and before any additional work is performed in the impacted area.
 - Upon receipt of a differing site conditions notice or upon the contracting unit otherwise learning of differing site conditions, the contracting unit shall promptly undertake an investigation to determine whether differing site conditions are present.
 - If the contracting unit determines different site conditions that may result in additional costs or delays exist, the contracting unit shall provide prompt written notice to the contractor containing directions on how to proceed.
- Increase in Costs
 - If the contracting unit's investigation and directions increase the contractor's costs or time of performance, the contracting unit shall make a fair and equitable adjustment to the contract price and contract completion date for increased costs and delays resulting from the agreed upon differing site conditions encountered by the contractor
- Decrease in costs
 - If both parties agree that the contracting unit's investigation and directions decrease the contractor's costs or time of performance, the contracting unit shall be entitled to a fair and equitable downward adjustment of the contract price or time of performance.

Fund

General Conditions - Construction

If the contracting unit determines that there are no differing site conditions present that would result in additional costs or delays, the contracting unit shall so advise the contractor, in writing, and the contractor shall resume performance of the contract, and shall be entitled to pursue a differing site conditions claim against the contracting unit for additional compensation or time attributable to the alleged differing site conditions.

Execution of the contract by the contractor shall constitute a representation that the contractor has visited the site and has become generally familiar with the local conditions under which the work is to be performed.

- As used in this subsection, "differing site conditions" mean physical conditions at the contract work site that are subsurface or otherwise concealed and which differ materially from those indicated in the contract documents or are of such an unusual nature that the conditions differ materially from those ordinarily encountered and generally recognized as inherent in the work of the character provided for in the contract.

The following is a list of some Laws/Regulations which MAY impact on this contract. This list is not intended to be inclusive and is in addition to other requirements, statutes, regulations cited in these General conditions:

- Mandatory Affirmative Action Certification

No firm may be issued a contract unless it complies with the affirmative action regulations of *N.J.S.A 10:5-31 et seq.* & *N.J.A.C 17:27 et. Seq.*

- Construction Contracts

After notification of award, put prior to signing of the contract, the contractor shall submit to the Public Agency Compliance Officer and the Division by the Division for distribution to and completion by the contractor, in accordance with N.J.A.C. 17:27-7. The contractor also agrees to submit a copy of the Monthly Project Workforce Report once a month thereafter for the duration of the contract to the Division and to the Public Agency Compliance Officer.

The contractor agrees to cooperate with the public agency in the payment of budgeted funds, as it necessary, for on-the-job and/or off-the-job programs for outreach and training of minorities and women.

General Conditions - Construction

- American Goods and Products to be used where possible

Only manufactured and farm products of the United States, wherever available, shall be used pursuant to N.J.S.A. 40A:11-18.

- Uniformed Traffic Control Officers Required

As per N.J.S.A40A:11-23.1(C) Uniformed Traffic Control Officers:

_____ WILL NOT BE REQUIRED

_____ WILL BE REQUIRED (see technical specifications)

- Americans with Disabilities Act of 1990

Discrimination on the basis of disability in contracting for the purchase of bids and services is prohibited. The successful bidder is required to read Americans with Disability language that is part of this specification and agrees that the provisions of Title II of the Act are made a part of the contract. The successful bidder is obligated to comply with the Act and to hold the Fund harmless.

- Prevailing Wage (if applicable)

Pursuant to N.J.S.A 34:11-56.25 et seq., successful bidders on projects for public work construction, repair or alteration which exceed the statutory minimum value shall adhere to all requirements of the New Jersey Prevailing Wage Act. All workmen employed by the contractor or his subcontractors shall be paid not less than the prevailing wage rate for that particular craft. If any workmen employed by the contractor or his subcontractors have been paid less than required, then the Fund may terminate the contractor's or subcontractor's right to proceed with the work. The contractor or his subcontractors and their sureties would be liable to the Fund for any excess costs occasioned by this action.

Prevailing wage rates shall be posted by the contractor and subcontractors and the wage records for the contract shall be accessible to the Fund and State officials at reasonable hours. All such records shall be retained for a minimum of two years.

The contractor and his subcontractors shall be required to submit a certified payroll record to the Fund within ten (10) days of the payment of the wages. The contractor is also responsible for obtaining and submitting all

Fund

- TITLE 52, Chapter 34, concerning the payment of commissions, percentage, brokerage or contingent fees to solicit or secure the contract.

- Release of Liens

Prior to the final payment the contractor shall provide a certification that all liens relating to the contract have been satisfied or will be satisfied through the receipt of the final payment.

- Public Works Contractor Registration Act

All contractors, subcontractors and sub-subcontractors must register with the Department of labor prior to bidding or engaging on certain public works contracts (construction, reconstruction, demolition, alteration repair or maintenance of a public building regularly open to and used by the general public or a public institution). A copy of this registration must be provided with any bid proposal or prior to award of contract indicating at time of bid opening the registration was valid.

- New Jersey Business Registration Certification

Fund

General Conditions - Construction

All contractors and businesses must submit with their bid proof that they are properly registered with the Department of Treasury of the State of New Jersey pursuant to Chapter 57 of the laws of 2004. This certificate must be provided with the proposal for their bid to be accepted. For any proposal involving subcontractors, the Business Registration Certificate must be provided for both the contractor and each subcontractor required to be listed in the bid document. See attached detailed information on this requirement.

The contractor shall provide written notice to its subcontractors of the responsibility to submit proof of business registration to the contractor. Before final payment is made the contractor shall submit an accurate list and the proof of business registration of each subcontractor or supplier used in the fulfillment of the contract or shall attest that no subcontractors were used. For the term of the contract, the contractor and each of its affiliates and a subcontractor and each of its affiliates [N.J.S.A. 52:32-44(g)(3)] shall collect and remit to the Director, N.J. Fund

General Conditions - Construction

In compliance with N.J.S.A. 2A:30A-1 et seq., the Fund shall impose the following payment process:

The Fund shall pay the submitted bill not more than 30 calendar days after the receipt of the bill by the Owner's Representative if the contractor has performed in accordance with the contract and the work has been approved and certified by the Owner's Representative.

The billing shall be deemed "approved" and "certified" 20 calendar days after the owner's representative receives it, unless the Owner's Representative provides, before the end of the 20-day period, a written statement of the amount withheld and the reason for withholding payment.

At least ten (10) days before each progress payment falls due (but not more often than once a month), the Contractor will submit to the Administrator or Architect/ A/E (hereinafter referred to as "A/E"), a partial payment estimate filled out and signed by the Contractor covering the work performed during the period covered by the partial payment estimate and supported by such data as the A/E may reasonable require.

The Administrator or A/E will, within ten (10) days after receipt of each partial payment estimate, either indicate in writing approval of payment, and present the partial payment estimate to the Owner, or return the partial payment estimate to the Contractor indicating in writing the reasons for refusing to approve payment. In the latter case, the Contractor may make the necessary corrections and resubmit the partial payment estimate.

With respect to any contract entered into by a contracting unit pursuant to section 1 of P.L.1979, c.464 (C.40A:11-16.2) for which the contractor shall agree to the withholding of payments pursuant to P.L.1979, c.152 (C.40A:11-16.1), shall be withheld, pending completion of the contract. Upon acceptance of the work performed pursuant to the contract for which the contractor has agreed to the withholding of payments pursuant to subsection a. of this section, all amounts being withheld by the contracting unit shall be released and paid in full to the contractor within 45 days of the final acceptance date agreed upon by the contractor and the contracting unit, without further withholding of any amounts for any purpose whatsoever, provided that the contract has been completed as indicated.

The request for payment may also include an allowance for the cost of major materials and equipment which are suitable stored either at or near the site. Payment does not relieve the Contractor of his responsibility for the safe keeping of this material and equipment.

Prior to completion and acceptance of the work, the owner, with approval

of the A/E and with the concurrence of the Contractor, may use any completed or substantially completed portions of the work. Such use shall not constitute an acceptance of such portions of the work.

The Owner shall have the right to enter the premises for the purpose of doing work not covered by the contract documents. This provision shall not be construed as relieving the Contractor of the sole responsibility for the care and protection of the work, or the restoration of any damaged work except such as may be caused by agents or employees of the owner.

Upon completion and acceptance of the work, the A/E shall issue a certificate attached to the final payment request that the work has been accepted under the conditions of the contract documents. The entire balance found to be due to the Contractors, including the retained percentages, but except such sums as may be lawfully retained by the Owner, shall be paid to the Contractor within thirty (30) days of completion and acceptance of the work. The A/E's certificate of acceptance will be on the document "Consultant's Certification for Acceptance and Final Payment or suitable other document provided for by the A/E".

The Contractor will indemnify and save the Owner or the Owner's agents harmless from all claims growing out of the lawful demand of Subcontractors, laborers, workmen, mechanics, material, men and furnishers of machinery and parts thereof, equipment, tools and all supplies incurred in the furtherance of the performance of the work. The Contractor shall, at the Owner's request furnish satisfactory evidence that all obligations of the nature designated above have been paid, discharged, or waived. If the Contractor fails to do so the Owner may, after having notified the Contractor, either pay unpaid bills or withhold from the Contractor's unpaid compensation a sum of money deemed reasonable sufficient to pay any and all such lawful claims until satisfactory evidence is furnished that all liabilities have been fully discharged whereupon payment to the Contractor shall be resumed in accordance with the terms of the contract documents, but in no event shall the provisions of this sentence be construed to impose any obligations upon the Owner to either the Contractor, the Contractor's Surety, or any third party. In paying any unpaid bills of the Contractor, any payment so made by the Owner shall be considered as a payment made under the contract documents by the Owner to the Contractor and the Owner shall not be liable to the Contractor for any such payments made in good faith.

- Acceptance of final payments as release

- Disputes over billing

All disputes over billing and payment cycles shall be resolved as outlined within Dispute Resolution of this document.

- **PRICE ADJUSTMENT FOR PURCHASE OF ASPHALT CEMENT**

The asphalt price adjustment is calculated based on the basic asphalt price index as published by the New Jersey Department of Transportation in its "Standard Specifications for Road and Bridge Construction," as those standards may be revised by the department. The price adjustment pay item applies to each ton purchased or used and is not limited to tonnage exceeding the threshold. When any bid specification includes the purchase or use of less than 1,000 tons of hot mix asphalt, there shall be allowable a price adjustment, in accord with law for any quantity of hot mix asphalt over 1,000 tons that may be used in the work in the event that the performance of the work, including change orders, requires more than 1,000 tons of hot mix asphalt.

"Hot mix asphalt" shall include equivalent asphalt cement-based products, such as warm mix asphalt.

Refer to Section 160.03.02 for the Asphalt Price Adjustment calculation.

<http://www.state.nj.us/transportation/eng/specs/2007/spec150.shtm#s160>.

The asphalt price adjustment is to be calculated based on the asphalt price index published by the New Jersey Department of Transportation (NJDOT) for the month preceding the month in which the bids are opened (the "basic asphalt price index"). All invoices for payment shall be accompanied by the calculation of any asphalt

price adjustment and a display of both the current month's asphalt price index and the basic asphalt price index.

- **FUEL PRICE ADJUSTMENTS FOR ALL CONTRACTS P.L. 2015, c. 201**
"Fuel price adjustment" shall apply to all bid specifications, not just those for the construction, alteration or repair of a public building, where a pay item is eligible. Pay items shall not be eligible for a fuel price adjustment that are either 1) not determined by NJDOT to be eligible, or 2) eligible but call for less than 500 gallons of fuel. Items eligible for a fuel price adjustment are set forth under Contract Requirements (Section 160.03.01) for NJDOT's Standard Specifications for Road and Bridge Construction.

Fuel price adjustments shall not be made in those months for which the NJDOT's monthly fuel price index has changed by less than five percent (5%) from the basic fuel price. The term "pay item", as defined by N.J.S.A. 40A:11-13(f), means a "specifically described item of work for which the bidder provides a per unit or lump sum price in a bid specification determined and published by the New Jersey Department of Transportation." Under no circumstances may the quantities of hot-mix asphalt or equivalent be disaggregated for the purpose of avoiding compliance with the provisions of P.L. 2015, c.201.

- **MANDATORY PRICE ADJUSTMENT FOR ASPHALT CEMENT AND FUEL P.L. 2009, c.187; APPLIES TO PAVING CONTRACTS:**

PAVING CONTRACTS executed after May 1, 2010 allow for increases and decreases in asphalt and fuel prices over the course of large construction contracts. The calculation is based upon 2007 NJDOT Specifications – Division 150 Contract Requirements, Section 160.01 through 160.03.

The law requires that PAVING CONTRACTS ANY CONSTRUCTION CONTRACT involving more than 1,000 tons of hot mix asphalt include a contract provision that allows for price adjustments in the cost of asphalt. Fuel price adjustments are based on DOT standards for the type of construction equipment and the work done by different equipment. For fuel price adjustments, at least 500 gallons of fuel based on the DOT equipment standards are required for a price

adjustment, and then, only in those months when the price fluctuated more than five percent.

DOT maintains a web site of index rates for asphalt and fuel that are adjusted monthly. The law provides that when the quantity or equipment use thresholds are reached, fuel price adjustments are made, using the change in index rate from the time of bidding to when the work was performed. The change is treated as a "pay item" in construction contracts.

- **Requirements for New Jersey State Comptroller**

Pursuant to N.J.S.A. 52:15C-14(d), relevant records of private vendors or other persons entering into contracts with the County are subject to audit or review by the New Jersey Office of the State Comptroller. Therefore, the Contractor shall maintain all documentation related to products, transactions or services under this contract for a period of five years from the date of final payment. Such records shall be made available to the New Jersey Office of the State Comptroller upon request.

SECTION VIII - BID OPENING / ANALYSIS & AWARD

- Acceptance of Bids

The Fund reserves the right to waive any immaterial defect or informality in any bid and reserves the right to accept that bid or portion thereof which, in its judgment is in the best interest of the Fund. The Fund also reserves the right to reject any or all bids. Any bid received after the time and date specified shall not be considered.

- Bid Opening

All Bidders or their authorized agents are invited to be present when the bids are opened and read publicly. All bids may be inspected at this time. No bid may be withdrawn after the specified opening time and date. Once opened, all bids become the property of the Fund and will not be returned to the bidders.

All supply/ service contracts shall be for 12 consecutive months unless otherwise noted in technical or supplemental specifications.

Fund

General Conditions - Construction

The Fund may award the work on the basis of the Base Bid, or the base bid combined with such Alternates as selected, until a net amount is reached which is within the funds available.

If the award is to be made on the basis of Base Bids only, it will be made to that responsible bidder whose Base Bid, therefore, is the lowest. If the award is to be made on the basis of a combination of a Base Bid with Options, it will be made to that responsible bidder whose net bid on such combination is the lowest.

The Fund may also elect to award the work on the basis of line items or unit prices, whichever results in the lowest total amount.

- **Contract Award**

Should the Fund decide to award the contract, it shall notify the successful bidder in writing within sixty (60) days of receipt of bids. Should a successful bidder fail or refuse to execute and deliver such contract, certificates of insurance, required stated documentation and bonds within 10 days after receipt of Notice of Award, or within such other time period as specified in the technical specifications, the Fund may revoke the acceptance of his proposal and the bidder shall become liable for any difference in the proposal awarded and the amount of the contract which the Fund may be obliged to award to another because of the refusal or omission of a successful bidder to execute and deliver the contract and bonds aforementioned, together with any sums which the Fund may be obliged to spend by reason for the default of the bidder

The successful bidder will not assign any interest in this bid and shall not transfer any interest in the same without the prior written consent of the Fund.

SECTION IX - REJECTION OF BIDS

Bids may be rejected for any of the following reasons:

- All bids pursuant to N.J.S.A. 40A:11-13.2;
- If more than one bid is received from an individual, firm or partnership, corporation or association under the same name;
- Multiple bids from an agent representing competing bidders;

Fund

General Conditions - Construction

- The bid is inappropriately unbalanced;
- The bidder is determined to possess, pursuant to N.J.S.A. 40A:11-4b, Prior Negative Experience; or,
- If the successful bidder fails to enter into a contract within 21 days, Sundays and holidays excepted, or as otherwise agreed upon by the parties to the contract. In this case at its option, the owner may accept the bid of the next lowest responsible bidder. (N.J.S.A. 40A:11-24b)

SECTION X - CONTRACT ADMINISTRATION

- Contract Documents

The Contract documents shall consist of the Contract, the drawings, the Specifications, and all modifications and addenda incorporated prior to execution of the Contract. All the documents are intended to supplement each other and together constitute a complete set of specifications.

The specifications are intended to require and include all work, equipment, and materials necessary for proper completion of the work contemplated. If in any case the specifications do not show, note or otherwise require some work, equipment or material necessary for that purpose, the Contractor shall, nevertheless, provide same to fulfill the true intent and purpose of the specifications.

- Inspection

The Administrator and the A/E shall have the right to inspect all materials and work done during any phase of construction, fabrication, or manufacture. The Contractor shall furnish all reasonable facilities and aid to the A/E and safe and convenient means for the examination and inspection of any part of the work.

- Authority to Withhold Payment

The Administrator or the A/E, because of subsequently discovered evidence, may cause to be withheld or cause to be nullified, the whole or a part of any payment to such extent as may be necessary to protect the Fund from loss because of

Defective work, materials or equipment not corrected; improper work performed; disapproved substitution of material or equipment specified.

Fund

General Conditions - Construction

Claims filed or reasonable evidence indicating the probability of claims being filed.

Failure of the Contractor to make payments properly to subcontractors or for material or labor.

A reasonable doubt that the contract can be completed for the balance then unpaid.

Damage to another contract, agency, governing body, corporation or person.

When the above grounds are removed, payment shall be made for amounts withheld because of them.

- Financial Procedures

Payment in full shall be made upon the completion of the contract requirements of the specifications. Partial payments shall be made if the required work or equipment can be completed in stages and if previously agreed to by the Administrator. All payments shall be approved by the Fund Council at their bi-monthly meeting. Vouchers shall be submitted at least 10 days prior to this meeting for inclusion upon the agenda. Only properly executed Fund vouchers may be used for payments.

Partial payment shall be made on the basis of a certified and approved estimate of work completed. **(See SECTION VII)**

- Timeliness

- Commencement of Work

The Contractor shall commence work on the project within _____ Calendar days from the date of execution of the contract by the Fund. (Working days excludes Saturdays, Sundays and Designated Fund Holidays)

- Completion of Work

The Contractor shall complete all of the work required in these specifications within _____ Working days after commencing work as required in Section I above.

- Term of Contract – Liquidated Damages

Fund

General Conditions - Construction

The terms of this contract shall be completed within the time specified for completion of the work. The Fund reserves the right to extend this term of the contract upon application by the contractor providing evidence of circumstances beyond the control of the contractor preventing his successful completion of the contract.

In the case the Contractor shall fail to complete the work within the time fixed for such completion, or within the time to which such completion may have been extended, the Contractor shall pay to the Fund in the sum of

dollars for each and every working day that the time consumed in completing the work exceeds the time allowed therefore; starting at twelve (12 o'clock) midnight of the date set for completion of the contract, which said sum, in view of the difficulty or accurately ascertaining the loss which the Fund will suffer by reason of delay in the completion of the work hereunder is hereby fixed and agreed as the liquidated damages that the Fund will suffer by reason of such delay, and not as a penalty. The Fund will deduct and retain out of the monies which may become due hereunder, the amount of any such liquidated damages.

The successful bidder/ contractor shall not assign transfer, convey, sublet or otherwise dispose of any interest in this contract without the prior written consent of the Fund.

- Scope of work - Fund's option to reduce scope of work

The Fund has the option, in its sole discretion, to reduce the scope of work for any deliverable, task or subtask called for under this contract.

Fund

General Conditions - Construction

In such an event, the Owner shall provide to the contractor advance written notice of the change in scope of work and what the Owner believes should be the corresponding adjusted contract price.

Within five (5) business days of receipt of such written notice, if either is applicable:

- If the contractor does not agree with the Owners proposed adjusted contract price, the contractor shall submit to the Owner any additional information that the contractor believes impacts the adjusted contract price with a request that the Owner reconsider the proposed adjusted contract price. The parties shall negotiate the adjusted contract price. If the parties are unable to agree on an adjusted contract price, the Owner shall make a prompt decision taking all such information into account and shall notify the contractor of the final adjusted contract price.
- If the contractor has undertaken any work effort toward a deliverable, task or subtask that is being changed or eliminated such that it would not be compensated under the adjusted contract, the contractor shall be

compensated for such work effort according to the applicable portions of its price schedule and the contractor shall submit to the Owner an itemization of the work effort already completed by deliverable, task or subtask within the scope of work, and any additional information the Owner may request. The Owner shall make a prompt decision taking all such information into account and shall notify the contractor of the compensation to be paid for such work effort.

- Change in law

Whenever a change in applicable law or regulation affects the scope of work, the Owner shall provide written notice to the contractor of the change and the Owner's determination as to the corresponding adjusted change in the scope of work and corresponding adjusted contract price.

Within five (5) business days of receipt of such written notice, if either is applicable:

- If the contractor does not agree with the adjusted contract price, the contractor shall submit to the Owner any additional information that the contractor believes impacts the adjusted contract price with a request that the Owner reconsider the adjusted contract

price. The Owner shall make a prompt decision taking all such information into account and shall notify the contractor of the final adjusted contract price.

- If the contractor has undertaken any work effort toward a deliverable, task or subtask that is being changed or eliminated such that it would not be compensated under the adjusted contract, the contractor shall be compensated for such work effort according to the applicable portions of its price schedule and the contractor shall submit to the Owner an itemization of the work effort already completed by deliverable, task or subtask within the scope of work, and any additional information the Owner may request. The Owner shall make a prompt decision taking all such information into account and shall notify the contractor of the compensation to be paid for such work effort.
- Suspension of work

The Owner may, for valid reason, issue a stop order directing the contractor to suspend work under the contract for a specific time. The contractor shall be paid for goods ordered, goods delivered, or services requested and performed until the effective date of the stop order. The contractor shall resume work upon the date specified in the stop order, or upon such other date as the Owner may thereafter direct in writing. The period of suspension shall be deemed added to the contractor's approved schedule of performance. The Owner shall make an equitable adjustment, if any is required, to the contract price. The contractor shall provide whatever information that Owner may require related to the equitable adjustment.

The contracting unit shall provide written notice to the contractor in advance of any suspension of work lasting more than 10 calendar days of the performance of all or any portion of the work of the contract. If the performance of all or any portion of the work of the contract is suspended by the contracting unit for more than 10 calendar days due to no fault of the contractor or as a consequence of an occurrence beyond the contracting unit's control, the contractor shall be entitled to compensation for any resultant delay to the project completion or additional contractor expenses, and to an extension of time, provided that, to the extent feasible, the contractor, within 10 calendar days following the conclusion of the suspension, notifies the contracting unit, in writing, of the nature and extent of the suspension of work. The notice shall include available supporting information, which information may thereafter be supplemented by the contractor as needed and as may be reasonably requested by the contracting unit. Whenever a work suspension exceeds 60 days, upon seven days' written notice, either party shall have the option

Fund

General Conditions - Construction

to terminate the contract for cause and to be fairly and equitably compensated therefor.

Upon receipt of the contractor's suspension of work notice in accordance with paragraph of this subsection, the contracting unit shall promptly evaluate the contractor's notice and promptly advise the contractor of its determination on how to proceed in writing.

If the contracting unit determines that the contractor is entitled to additional compensation or time, the contracting unit shall make a fair and equitable upward adjustment to the contract price and contract completion date.

If the contracting unit determines that the contractor is not entitled to additional compensation or time, the contractor shall proceed with the performance of the contract work and shall be entitled to pursue a suspension of work claim against the contracting unit for additional compensation or time attributable to the suspension.

Failure of the contractor to provide timely notice of a suspension of work shall result in a waiver of a claim if the contracting unit can prove by clear and convincing evidence that the lack of notice or delayed notice by the contractor actually prejudiced the contracting unit's ability to adequately investigate and defend against the claim.

- Delivery requirements

Deliveries shall be made at such time and in such quantities as ordered in strict accordance with conditions contained in the contract.

The contractor shall be responsible for the delivery of material in first class condition to the Fund's using agency or the purchaser under this contract and in accordance with good commercial practice.

Items delivered must be strictly in accordance with the contract.

In the event delivery of goods or services is not made within the number of days stipulated or under the schedule defined in the contract, the using agency shall be authorized to obtain the material or service from any available source, the difference in price, if any, to be paid by the contractor.

- Applicable Law and jurisdiction

This contract and any and all litigation arising therefrom or related thereto

Fund

General Conditions - Construction

shall be governed by the applicable laws, regulations and rules of evidence of the State of New Jersey without reference to conflict of laws principles and shall be filed in the appropriate Division of the New Jersey Superior Court.

- Contract amendment

Except as provided herein, the contract may only be amended by written agreement of the State and the contractor.

- Maintenance of records

The contractor shall maintain records for products and/or services delivered against the contract for a period of five (5) years from the date of final payment unless otherwise specified in the RFP. Such records shall be made available to the Fund, including the Comptroller of the State of New Jersey, for audit and review.

- Assignment of Anti-Trust Claims

The contractor recognizes that in actual economic practice, overcharges resulting from antitrust violations are in fact usually borne by the ultimate purchaser. Therefore, and as consideration for executing this contract, the contractor, acting herein by and through its duly authorized agent, hereby conveys, sells, assigns, and transfers to the Fund , for itself and on behalf of its political subdivisions and public agencies, all right, title and interest to all claims and causes of action it may now or hereafter acquire under the antitrust laws of the United Fund's or the Fund , relating to the particular goods and services purchased or acquired by the Fund or any of its political subdivisions or public agencies pursuant to this contract.

In connection with this assignment, the following are the express obligations of the contractor:

It shall take no action that will in any way diminish the value of the rights conveyed or assigned hereunder.

It shall advise the Municipal Attorney of the Fund :

In advance of its intention to commence any action on its own behalf regarding any such claim or cause(s) of action;

Immediately upon becoming aware of the fact that an action has been commenced on its behalf by some other person(s) of the pendency of such action.

Fund

General Conditions - Construction

It shall notify the defendants in any antitrust suit of the within assignment at the earliest practicable opportunity after the contractor has initiated an action on its own behalf or becomes aware that such an action has been filed on its behalf by another person. A copy of such notice shall be sent to the Municipal Attorney of the Fund .

It is understood and agreed that in the event any payment under any such claim or cause of action is made to the contractor, it shall promptly pay over to the Fund the allotted share thereof, if any, assigned to the Fund hereunder.

- Price fluctuation during contract

Unless otherwise agreed to in writing by the Fund all prices quoted shall be firm through issuance of contract or purchase order and shall not be subject to increase during the period of the contract. In the event of a manufacturer's or contractor's price decrease during the contract period, the Fund shall receive the full benefit of such price reduction on any undelivered purchase order and on any subsequent order placed during the contract period.

The Owner must be notified, in writing, of any price reduction within five (5) days of the effective date. Failure to report price reductions may result in cancellation of contract for cause pursuant to **SECTION XI TERMINATION OF CONTRACT.**

SECTION XI - TERMINATION OF CONTRACT

- If through any cause, the successful bidder shall fail to fulfill in a timely and proper manner obligations under this contract or if the contractor shall violate any of the requirements of this contract, the Fund shall thereupon have the right to terminate this contract by giving written notice to the contractor of such termination and specifying the effective date of termination. Such termination shall relieve the Fund of any obligation for balances to the contractor of any sum or sums set forth in the contract.
- Notwithstanding the above, the contractor shall not be relieved of liability to the Fund for damages sustained by the Fund by virtue of any breach of the contract by the contractor and the Fund may withhold any payments to the contractor for the purpose of compensation until such time as the exact amount of the damage due the Fund from the contractor is determined.

Fund

General Conditions - Construction

- The contractor agrees to indemnify and hold the Fund harmless from any liability to subcontractors / suppliers concerning payment for work performed or goods supplied arising out of the lawful termination of the contract by the Fund under this provision.
- In case of default by the successful bidder, the Fund may procure the articles or services from other sources and hold the successful bidder responsible for any excess cost occasioned thereby.
- The Fund shall have the right to declare the Contract in default in any of the following eventualities:
 - The Contractor becomes insolvent or a voluntary or involuntary petition in bankruptcy be filed by or against the Contractor.
 - The Contractor makes an assignment for the benefit of creditors pursuant to the Statutes of the State of New Jersey.
 - The Contractor fails to commence work when notified to do so by the Administrator or the A/E.
 - The Contractor shall abandon the work.
 - The Contractor shall refuse to proceed with the work when and as directed by the Administrator or the A/E.
 - The Contractor shall without just cause, reduce his working force to a number which, if maintained, shall be insufficient, in the opinion of the Administrator or the A/E, to complete the work in accordance with the approved Progress Schedule, and shall fail or refuse to sufficiently to increase such working force when ordered to do so by the Administrator or A/E.
 - The Contractor shall sublet, assign, transfer, convey or otherwise dispose of this Contract other than as herein specified.
 - A receiver or receivers are appointed to take charge of the Contractor's property or affairs.
 - The Administrator or A/E shall be of the opinion that the Contractor is or has been unnecessarily, unreasonably, or willfully delaying the performance or completion of the work, and the awards of necessary sub-contractors, or the placing of necessary material and equipment orders.

Fund

General Conditions - Construction

- The Administrator or A/E shall be of the opinion that the Contractor is or has been willfully or in bad faith violating any of the provisions of this contract in good faith and in accordance with its terms.
- The work is not completed within the time herein provided therefore or within the time to which the Contractor may be entitled to have such completion extended.

Before the Fund shall exercise its right to declare the Contractor in default by reason of the conditions set forth above, the Contractor shall be given an opportunity to be heard. The right to declare in default, for any of the grounds specified or referred to herein, shall be exercised by sending the Contractor a notice, signed by the Administrator, setting forth the ground or grounds upon which such default is declared. Upon receipt of such notice, the Contractor shall immediately discontinue all further operations under this contract and shall immediately quit the site, leaving UNTOUCHED all plant, materials, equipment, tools and supplies then on the site.

The Fund, after declaring the Contractor in default, shall then have the work completed by such means and in such manner, by contract with or without public letting, or otherwise, as the Fund shall deem advisable, utilizing for such purposes any of the Contractor's or Sub-contractor's plant, materials, equipment, tools and supplies remaining on the site, as shall be deemed to be available.

After such completion, the Fund shall certify the expense incurred in such completion, which shall include the cost of relating as well as the total amount of liquidated damages (at the rate provided for) from the date when the work should have been completed by the Contract, in accordance with the terms hereof to the date of actual completion of the work. Such certifications shall be binding and conclusive upon the Contractor, his Sureties, and any person claiming under the contract, as to the amount thereof.

The expense of such completion, as so certified by the Fund shall be charged against and deducted from such monies as would have been payable to the Contractor, if he had completed the work; and the balance of such monies, if any, subject to the other provisions of this Contract, shall be paid to the Contractor without interest after such completion. Should the expense of such completion, so certified by the Fund, exceed the total sum which would have been payable under this contract if the same had been completed by the

Fund

General Conditions - Construction

Contractor, any such excess shall be paid by the Contractor to the Fund upon demand.

- Continuation of the terms of this contract beyond the fiscal year is contingent on availability of funds in the following year's budget. In the event of unavailability of such funds, the Fund reserves the right to cancel this contract.
- For Convenience

Notwithstanding any provision or language in this contract to the contrary, the Fund may terminate this contract at any time, in whole or in part, for the convenience of the Fund upon no less than thirty (30) days written notice to the contractor.

SECTION XII – SUBCONTRACTING AND ASSIGNMENT

- Subcontracting :

The contractor may not subcontract other than as identified in the contractor's proposal without the prior written consent of the Director. Such consent, if granted in part, shall not relieve the contractor of any of his responsibilities under the contract, nor shall it create privity of contract between the State and any subcontractor. If the contractor uses a subcontractor to fulfill any of its obligations, the contractor shall be responsible for the subcontractor's:

- (a) Performance;
- (b) Compliance with all of the terms and conditions of the contract; and
- (c) Compliance with the requirements of all applicable laws.

Assignment: The contractor may not assign its responsibilities under the contract, in whole or in part, without the prior written consent of the Owner.

- No contractual relationship between subcontractors and Fund.

Nothing contained in any of the contract documents, including the RFP and vendor's bid or proposal shall be construed as creating any contractual relationship between any subcontractor and the Fund.

- Mergers and Acquisitions

If, during the term of this contract, the contractor shall merge with or be

Fund

General Conditions - Construction

acquired by another firm, the contractor shall give notice to the Owner as soon as practicable and in no event longer than thirty (30) days after said merger or acquisition.

The contractor shall provide such documents as may be requested by the Owner, which may include but need not be limited to the following: corporate resolutions prepared by the awarded contractor and new entity ratifying acceptance of the original contract, terms, conditions and prices; updated information including ownership disclosure and Federal Employer Identification Number. The documents must be submitted within thirty (30) days of the request. Failure to do so may result in termination of the contract for cause.

If, at any time during the term of the contract, the contractor's partnership, Limited Liability Company, limited liability partnership, Professional Corporation, or corporation shall dissolve, the Owner must be so notified. All responsible parties of the dissolved business entity must submit to the Owner in writing, the names of the parties proposed to perform the contract, and the names of the parties to whom payment should be made. No payment shall be made until all parties to the dissolved business entity submit the required documents to the Owner.

SECTION XIII -DISPUTE RESOLUTION

Any dispute arising under this Contract shall be resolved in accordance with and subject to the provisions contained in N.J.S.A. 40A: 11-41.1 as outlined below. Nothing in this section shall prevent the Fund from seeking injunctive or declaratory relief in court at any time.

- All remedies provided elsewhere in the contract and/or specifications governing the project in dispute shall be exhausted prior to initiating this Dispute Resolution process. Where the Fund, its A/E or architect, or its administrative authorities are required by contract or specifications to issue a decision, such decision must be rendered within the time constraints in said contract prior to proceeding to resolve the dispute in accordance with this section
- Prior to litigation, the Fund and contractor shall endeavor to settle disputes by mediation in accordance with the current Construction Industry Mediation Rules of the American Arbitration Association. The demand for mediation shall be filed in writing with the other party to the Contract and with the American Arbitration Association, with a copy to the Administrator, A/E or Architect for the project. This demand must cite the specifics of the dispute and the relevant remedies sought.

- In no event shall a demand for mediation be made more than 30

Fund

General Conditions - Construction

days after the decision in dispute is rendered by the Fund, its A/E, architect, or administrative authorities, nor more than 30 days after the completion and acceptance of the work and issuance of final payment, nor after the institution of legal or equitable proceedings unless specifically agreed to by all parties to the dispute.

- Nothing herein shall be construed to prevent the Fund and contractor from agreeing to an alternate dispute resolution procedure in lieu of or in addition to mediation.
- This Dispute resolution procedure shall not prevent the Fund from notifying any performance guarantor (surety) or maintenance guarantor (surety) of the dispute and requesting the surety's assistance in resolving any disputes with involve the contractor's performance or lack thereof
- Default Provision

For those contracts which do not require a Performance Bond, the following DEFAULT PROVISIONS govern:

- If the contractor fails to complete the required work within the number of days specified in the contract, or abandons the required work for _____ working days, and fails to commence working within 3 calendar days after receiving Notice of Default from the Fund, then the contractor is declared to be in default of the contract.
- In instances of the default of a contract, the Fund reserves the right to immediately have the specified work completed by an alternate contractor and the cost of this completion deducted from any and all monies owed to the original contractor. If insufficient funds are not available within the value of the original contract, then the contractor shall be liable for any and all extra costs incurred by the Fund in completing the specified work.

SECTION XIV – PERMISSION FOR BIDDER TO WITHDRAW BID

- NJSA 40A:11-23.3 authorizes a bidder to request withdrawal of public works bid due to a mistake on the part of the bidder. A mistake is defined by NJSA 40A:11-2(42) as a clerical error that is an unintentional and substantial computational error or an unintentional omission of a substantial quantity of labor, material, or both from the final bid computation.
- A bidder claiming a mistake under NJSA 40A:11-23.3 must submit a request for withdrawal in writing, by certified mail or registered mail to the Business

Fund

General Conditions - Construction

Administrator. The bidder must request withdrawal of a bid due to a mistake, as defined by the law, within five (5) business days after the receipt and opening of the bids. Since the bid withdrawal request shall be effective as of the postmark of the certified or registered mailing, the Business Administrator may contact all bidders, after bids are opened, to ascertain if any bidder wishes to, or already have exercised a request to withdraw their bid pursuant to NJSA 40A:11-23.3.

- A bidder's request to withdraw the bid shall contain evidence, including any pertinent documents, demonstrating that a mistake was made. Such documents and relevant written information shall be reviewed and evaluated by the public owner's designated staff pursuant to the statutory criteria of NJSA 40A:11-23.3.
- The public owner will not consider any written requests for a bid withdrawal for a mistake, as defined by NJSA 40A:11-2(42), by a bidder in preparation of a bid proposal unless the postmark of the certified or registered mailing is within five (5) business days following the opening of bids.

SECTION XV - OTHER PROVISIONS

- Both parties agree to comply with all requirements of the Federal Health Insurance Portability and Accountability Act of 1996 ("HIPAA") as maybe amended from time to time, and the corresponding HIPAA regulations for the confidentiality and security of medical information. If awarded the bid, the contractor shall:
 - Not use or disclose protected health information other than as permitted or required by law
 - Use appropriate safeguards to protect the confidentiality of the information
 - Report any use or disclosure not permitted
- The contractor, by execution of the contract, shall thereby indemnify and hold the owner harmless from any and all liabilities, claims, actions, costs and penalties which may be incurred as the result of the failure of the contractor to comply with the requirements of the Health Insurance Portability and Accountability Act (HIPAA) or any other statute or case law protecting the privacy of persons using its services.
- The owner shall retain all of its rights and interest in any and all documents and property both hard copy and digital furnished by the owner to the successful bidder (contractor) for the purpose of assisting the contractor in the performance of this contract. None of the documents and/or property

Fund

General Conditions - Construction

shall, without the written consent of the owner, be disclosed to others or used by the contractor or permitted by the contractor to be used by their parties at any time except in the performance of the resulting contract.

- The contractor shall not have the right to use, sell, or disclose the total of the interim or final work products, or make available to third parties, without the prior written consent of the owner. Any information supplied to the owner may be required to be supplied on CD/DVD or USB flash drive media compatible with Microsoft Windows, and Microsoft Office Suite 2010 or greater.
- Under state and federal statutes, certain government records are protected from public disclosure. The owner, the contractor and any subcontractors have a responsibility and an obligation to safeguard from public access an employee's personal information with which it has been entrusted when disclosure thereof would violate the employee's reasonable expectation of privacy. All payroll, personnel and health insurance related files are confidential. Additionally, the contractor and any subcontractors may be privy to sensitive law enforcement information or investigations during their review which must remain confidential. The owner retains the right to make any public disclosure under the law. Also among government records deemed confidential are administrative or technical information regarding computer hardware, software and networks that, if disclosed, would jeopardize computer security. The contractor and any subcontractor(s) are prohibited from the sale or distribution of all supplied information to any third party.
- Proof of licensure for any activity regulated by the State of New Jersey and required to do the work required under this specification, for either the firm or the person responsible for the work, shall be provided as required by the owner.
-

SECTION XVI – CONTRACTUAL PROVISIONS SUCCESSFUL BIDDER

- Instructions and detailed drawings

The Contractor may be furnished additional instructions and detail drawings, by the A/E, as necessary to carry out the work required by the contract documents.

Fund

General Conditions - Construction

The additional drawings and instructions thus supplied will become a part of the contract drawings. The Contractor shall carry out the work in accordance with the additional detail drawings and instructions.

The Contractor and A/E will prepare jointly:

(A) A schedule fixing the dates of which special detail drawings will be required and by whom they will be made; and

(B) A schedule fixing the respective dates for the submission of shop or setting drawings, the beginning of manufacture, testing, and installation of materials, supplies, and equipment, and the completion of the various parts of the work;

Each such schedule to be subject to change from time to time as the work progresses.

- Schedules, reports and records

The Contractor shall submit to the owner such schedule of quantities and costs, payrolls, reports, estimates, records and other data where applicable as are required by the contract documents for the work to be performed.

The Contractor shall submit to the A/E, within five (5) days after the execution of the contract, a progress schedule showing the schedule with which the contractor intends to prosecute the work. The form of the progress schedule shall be approved by the A/E and signed by the Contractor, Owner, and the A/E. It shall be in such a form that the percent of work completed is indicated at any time. The Contractor will bring the progress chart up to date at the end of each month and submit four (4) revised prints with the monthly estimate for payment. THE CHART UPDATE SHALL ALSO BE SIGNED BY THE CONTRACTOR, OWNER, AND THE A/E. THE FAILURE TO UPDATE SAID CHART SHALL BE CONSIDERED A SERIOUS BREACH OF THE CONTRACT. IF SUCH A BREACH OCCURS, THE OWNER MAY CAUSE THE MONTHLY PAYMENT TO BE WITHHELD, PENDING THE RECEIPT OF SAID PROGRESS CHART UPDATE.

The dates at which special drawings will be required and respective dates for submission of shop drawings, the beginning of manufacture, the testing and the installation of materials, supplies and equipment.

The Contractor shall also submit a schedule of payments that the Contractor anticipates will be earned during the course of the work.

Fund

General Conditions - Construction

- Drawings and specifications

The intent of the drawings and specifications is that the Contractor shall furnish all labor, materials, tools, equipment and transportation necessary for the proper execution of the work in accordance with the contract documents and all incidental work necessary to complete the project in an acceptable manner, ready for use, occupancy or operation by the owner.

In case of conflict between the drawings and specification, the plans shall govern. Figure dimensions on drawings shall govern over general drawings.

Any discrepancies found between the drawings and specifications and site conditions or any inconsistencies or ambiguities in the drawings or specifications shall be immediately reported to the A/E in writing, who shall promptly correct such inconsistencies or ambiguities in writing.

Work done by the Contractor after discovery of such discrepancies, inconsistencies or ambiguities shall be done at the Contractor's risk.

Four (4) sets of prints of the plans and specifications will be furnished upon request at cost of reproduction.

- Shop Drawings

The Contractor shall provide shop drawings as may be necessary for the prosecution of the work as required by the contract documents. The A/E shall promptly review all shop drawings. The A/E's approval of any shop drawing shall not release the Contractor from responsibility for deviations from the contract documents. The approval of any shop drawing which substantially deviates from the requirement of the contract documents shall be evidenced by a change order.

When submitted for the A/E's review, shop drawings shall bear the Contractor's certification that he has reviewed, checked and approved the shop drawings and that they are in conformance with the requirements of the contract documents.

Portions of the work requiring a shop drawing or sample submission shall not begin until the shop drawing or submission has been approved by the A/E. A copy of each approved shop drawing and each approved sample shall be kept in good order by the Contractor at the site and shall be available to the A/E.

Parts and details not fully indicated on the drawings shall be detailed by

Fund

General Conditions - Construction

the Contractor in accordance with standard A/Eing practices. The Contractor shall submit to the A/E for approval, four (4) copies of all shop or setting drawings as called for under the various headings of these specifications. These drawings shall be complete and will contain all required detailed information. If approved by the A/E, each copy of the drawings will be identified as having received such approval by being so stamped and dated and shall become a part of the contract. The Contractor shall make any corrections required by the A/E. Three (3) sets of all shop drawings will be retained by the A/E and one (1) set will be returned to the Contractor. The approval of the drawings by the A/E shall not be construed as a complete check, but will indicate only that the general method of construction and detailing is satisfactory. The shop drawings herein mentioned are to become the property of the Owner and no extra charge will be allowed to the Contractor for such drawings.

- **Samples, Workmanship and Descriptive Data**

All materials furnished and all work done in carrying out the contract shall be of the best quality and fitted to the service and conditions required. Where no standard is specified for such work or materials, they shall be the best of their respective kinds, trade practices, or designations.

The source of supply of each of the materials shall be approved by the A/E before the delivery is started. Representative preliminary samples of the character and quality herein described shall be submitted by the Contractor when indicated or directed for examination or test, and written approval of the quality of the samples shall be received by the Contractor prior to obtaining materials from the respective sources of supply. All materials proposed to be used may be inspected at any time during the progress of their preparation and use. All materials must be approved by the A/E prior to being incorporated in the work. Representative samples of all materials requiring laboratory tests shall be taken and such materials shall be used only after written approval has been received by the A/E, and so long as the quality of said materials remains equal to the requirements. All tests required shall be provided for and at the expense of the Contractor.

In cases where the drawings or specifications describe materials, equipment or devices as those which shall be equal or similar to certain materials, equipment, tools and machinery designated by trade or manufacturer's name, they will be required to demonstrate to the satisfaction of the A/E, the substitutions the Contractor proposes to use are similar or equal to those designed. The Contractor shall also be responsible for any additional expense for changes in plans and specifications to accommodate the proposed substitution. If any monetary saving is

Fund

provided by the proposed change, it shall be credited to the Owner. The A/E will be the sole judge as to the equivalency of the materials, equipment or devices.

- Materials, Services and Facilities

It is understood that except as otherwise specifically stated in the Contract Documents, the Contractor shall provide and pay for all materials, labor, tools, equipment, water, light, power, transportation, supervision, temporary construction of any nature, and all other services and facilities of any nature whatsoever necessary to execute, complete, and deliver the work within the specified time.

Materials and equipment shall be so stored as to insure the preservation of their quality and fitness for the work. Stored materials and equipment to be incorporated in the work shall be located so as to facilitate prompt inspection.

Manufactured articles, materials and equipment shall be applied, installed, connected, erected, used, cleaned and conditioned as directed by the manufacturer.

Material, supplies and equipment shall be in accordance with samples submitted by the Contractor and approved by the A/E.

Materials, supplies or equipment to be incorporated into the work shall not be purchased by the Contractor or by any Subcontractor subject to a chattel mortgage or under a conditional sale contract or other agreement by which an interest is retained by the seller when a Payment Bond is not required the contract documents.

- A/E's Control

The enumeration in the contract documents of particular instances in which the opinion, judgment or direction of the A/E shall control the work or in which work shall be performed to the satisfaction or subject to the approval or inspection of the A/E, shall not imply that only matters similar to those enumerated shall be so governed and performed under the control of the A/E. Without exception, all work under the contract documents shall be the direct control and authority of the A/E.

- Inspection and testing of materials

All materials and equipment used in the construction of the project shall be

Fund

General Conditions - Construction

subject to adequate inspection and testing in accordance with generally accepted standards, as required and defined in the contract documents

The Owner shall provide all inspection and testing services not required by the contract documents.

The Contractor shall provide at the Contractor's expense the testing and inspection services required by the contract documents. If the contract documents, laws, ordinances, rules, regulations or orders of any public authority having jurisdiction require any work to specifically be inspected, tested or approved by someone other than the Contractors, the Contractor will give the A/E timely notice of readiness. The Contractor will then furnish the A/E the required certificates of inspection, testing approval.

Inspections, tests or approvals by the A/E or others shall not relieve the Contractor from the obligations to perform the work in accordance with the requirements of the contract documents.

The A/E and the A/E's representatives will at all times have access to the work. In addition, authorized representatives and agents of any participating Federal or State agency shall be permitted to inspect all work, materials, payrolls, records or personnel, invoices of materials and other relevant data and records. The Contractor will provide proper facilities for such access and observation of the work and also for any inspection or testing thereof.

If any work is covered contrary to the written instruction of the A/E it must, if requested by the A/E, be uncovered for the A/E's observation and replaced at the Contractor's expense. If the A/E considers it necessary or advisable that covered work be inspected or tested by others, the Contractor, at the A/E's request, will uncover, expose or otherwise make available for observation, inspection or testing as the A/E may require, that portion of the work in question, furnishing all necessary labor, materials, tools and equipment,. If it is found that such work is defective, the Contractor will bear all the expenses of such uncovering, exposure, observation, inspection and testing and of satisfactory reconstruction, if, however, such work is not found defective, the contractor will be allowed an increase in the contract price or an extension of the contract time, or both, directly attributable to such uncovering, exposure, observation, inspection, testing and reconstruction and an appropriate change order shall be issued.

Authorized representatives and agents of the Department of Housing and Urban Development (HUD) and/or the New Jersey Economic Development Authority (NJEDA) shall be permitted to inspect all work, materials, payrolls, records of personnel, invoices of materials, and other relevant data and

records.

- Substitutions

Whenever a material, article, or piece of equipment is identified on the drawings and specifications by referenced to brand name or catalog numbers, it shall be understood that this is referenced for the purpose of defining the performance or other salient requirements and that other products of equal capacities, quality and function shall be considered. The Contractor may recommend the substitution of material, article or piece of equipment of equal substance and function for those referred to in the contract documents by referenced to brand name or catalog number, if, in the opinion of the A/E, such material, article or piece of equipment is of equal substance function to that specified, the A/E may approve its substitution and use by the Contractor. Any cost differential shall be deductible from the contract price and the contract documents shall be appropriately modified by change order. The Contractor warrants that if substitutes are approved, no major changes in the function or general design of the project will result. Incidental changes or extra component parts required to accommodate the substitute will be made by the Contractor without a change in the contract price or contract time.

- Patents

The Contractor shall pay all applicable royalties and license fees, and shall defend all suits or claims for infringement of any patent rights and save the owner harmless from loss on account thereof, except that the Owner shall be responsible for any such loss when a particular process, design, or product of a particular manufacturer or manufacturers is specified, however, if the Contractor has reason to believe that design, process or product specified is an infringement of a patent, the Contractor shall be responsible for such loss unless the Contractor promptly gives such information to the A/E.

- Permits and regulations

Permits and licenses of temporary nature necessary for the prosecution of the work shall be secured and paid for by the contractors unless otherwise stated in the supplemental general conditions. Permits, licenses and easements for permanent structures or permanent changes in existing facilities shall be secured and paid for by the owner, unless otherwise specified. The Contractor shall give all notices and comply with all laws, ordinances, rules and regulations bearing on the conduct of the work as drawn and specified. If the Contractor observes that the contract documents are at variance therewith, the Contractor shall promptly notify

Fund

the A/E in writing, and any necessary changes shall be adjusted as provided in Section 13 changes in the work.

- Registration of Motor Vehicles

All motor vehicles used in connection with this contract, shall be appropriately registered in accordance with the laws of the state of their origin.

- Lines and Grades

The A/E will stake all lines and grades. The Contractor shall be responsible for the transferring of the lines and grades to the line of construction. The Contractor is required to preserve all grades, stakes, control stakes, and bench marks set by the A/E along the line of work. If destroyed or removed without authority, these stakes will be reset, if necessary, at the expense of the Contractor. At least three (3) batterboards with grade lines shall be maintained at all times during pipe laying, except when necessary or convenient, the grade line may be maintained parallel with the trench, again extending at least three (3) grade stakes. The use of laser beams will be permitted, provided qualified personnel are available to operate same. The Contractor shall furnish to the A/E or inspector, without charge, such English speaking common laborers as may be necessary for installing grade stakes, checking house connection locations and markers, and clearing the line of obstruction.

Any work improperly done without lines or grades shall be removed and replaced by the Contractor, at his own expense, when so ordered by the A/E. It shall be the Contractor's responsibility to inform the A/E the times and places at which he intends to work, in order that the A/E shall have ample opportunity to supply the necessary grade stakes. Any grade transferred wrong from the grade stakes, shall be the responsibility of the Contractor.

If the Contractor shall fail to comply with these specifications and the A/E's instructions regarding infiltration, clean-up, surface restoration, or any other contractual requirements, the A/E may delay giving lines and/or grades, until such time as his instructions are complied with. THE CONTRACTOR SHALL MAKE NO CLAIM FOR DELAY OR LOST PRODUCTION BY REASON OF THE WITHHOLDING OF GRADE SHEETS.

- Safety Program

Observe all rules and regulations of the Federal, State, and local health officials, including regulations concerning construction safety and health

Fund

standards. At the preconstruction meeting, submit to the Fund for approval a written safety program that meets or exceeds the minimum requirements of the Contract and applicable State or Federal regulations. Include at a minimum the following:

Description. Describe in detail how the safety program is implemented and monitored. Provide guidelines for protecting personnel from hazards associated with Project operations and activities. Establish the policies and procedures for safety practices that are necessary for the Work to be in compliance with the requirements of OSHA and other State and Federal regulatory agencies with jurisdiction, rules, regulations, standards, or guidelines in effect at the time the Work is in progress.

Certification, Responsibility, and Identification of Personnel. Identify the qualified safety professional responsible for developing the safety program and provide that person's qualifications for developing the safety program including, but not be limited to, education, training, certifications, and experience in developing this type of safety program. Provide a certification, executed by the qualified safety professional that developed the safety program, stating that the safety program complies with the rules, regulations, standards, and guidelines in effect at the time the Work is in progress, of OSHA, and other applicable Federal, State, and local regulatory agencies having jurisdiction.

Identify a safety officer and designate the on-site supervisory-level personnel responsible for implementing and monitoring the safety program until Acceptance and having the authority to take prompt corrective measures to eliminate hazards, including the authority to stop work. Include documentation of training provided to the on-site supervisory-level personnel. For work that requires a competent person as defined by OSHA, ensure that the person is capable of identifying existing and predictable hazards and has the authority to take prompt corrective measures to eliminate the hazards, including the authority to stop work. Include documentation of the qualifications of such competent persons identified, including certifications received.

Elements of the Program. Include information and procedures for the following elements:

- Chain of Command. Include the responsibilities of the management, supervisor, safety officer, and employees.
- Traffic Control Coordinator. Include the name and contact information.
- Environmental Manager. Include the name and contact information.
- Local Emergency Telephone Numbers. Include police, fire, medical

Fund

General Conditions - Construction

- Procedures for Handling Emergencies. Provide guidelines for handling emergencies, including emergency action plans for accidents involving death or serious injury, property damage, fires, explosions, and severe weather. Include the emergency contact information of the Contractor's personnel responsible for handling emergencies.
- Training Topics. Include regulatory and jobsite toolbox meetings. Include the documentation from the training and an attendance sheet for each.
- Contractor's Safety Rules. Include housekeeping procedures and personal protective equipment requirements.
- Employee Disciplinary Policy. Include the violation forms.
- Safety Checklists. Include project safety-planning, emergency plans and procedures, documentation, and protective materials and equipment.
- Forms. Include OSHA 300 Log
- Security Policy Guidelines. Provide a copy for the Fund.
- Hazard Communication Program. Provide the following:
 - The location of and instructions for understanding the MSDS. Ensure that the location and instruction are available to anyone within the Project Limits.
 - The person responsible for the hazard communication program and the method of informing personnel of the hazardous communication program. Include attendance sheets of hazard communication meetings.
- When performing work that generates airborne crystalline silica, include A/Eing and work practice controls to limit exposure levels to at or below the permissible exposure limit according to 29 CFR 1910.1000 Table Z-3. Ensure that the program includes employee training and respiratory protection measures according to 29 CFR 1910.134 and control of the area when the permissible exposure limit is exceeded. Provide a trained and competent person, according to 29 CFR 1926.30, within the Project Limits at all times when performing work that produces airborne crystalline silica.

Additional Requirements. Provide additional procedures for Project specific topics including:

- Compressed gas cylinders.
- Confined spaces.
- Cranes.
- Electrical.
- Equipment operators.
- Fall protection.
- Hand and power tools.
- Hearing conservation.

- Lock out/tag out.
- Materials handling, storage, use, and disposal.
- Night work.
- Personal protective equipment.
- Project entry and exit.
- Respiratory protection.
- Sanitation.
- Signs, signals, and barricades.
- Subcontractors.
- Trenching.

The Contractor is responsible for implementing, monitoring, updating, and revising the safety program until Acceptance. Submit updates and revisions to the safety program to the Fund for approval when new information, new practices or procedures, or changing site and environmental conditions necessitate modifications to protect site personnel. Maintain a copy of the updated safety program, including the appropriate documentation associated with each element, within the Project Limits so that it is available to workers and other authorized persons entering the Project Limits. Provide program updates to Fund.

The Contractor is responsible for safety in all aspects, and as set forth in the Insurance and Indemnification Agreement, shall defend and indemnify the Fund for any failure or breach to comply with the rules, regulations, standards, and guidelines in effect at the time the Work is in progress, of OSHA, and other applicable Federal, State, and local regulatory agencies having jurisdiction pertaining to the Contractor's safety program.

- NJ ONE CALL and Notification of Utilities

By presenting a bid, contractor declares that he is aware of and, if required, will comply with the requirements of the "Underground Facility Protection Act (Public Law 1994, Chapter 118)" prior to commencing any intended excavation. The telephone number to call is 1-800-272-1000. The successful bidder will be required to show compliance with this requirement by submitting to the appropriate project coordinator the confirmation number obtained from ONE-CALL before any excavation is undertaken.

The Contractor shall be responsible to notify water, gas, sewerage, electric and telephone companies, and all other utility companies having facilities which are subject to interference, seventy-two (72) hours in advance of the time he proposes to perform work in proximity to their structures or lines in order that they may take such precautions as they consider necessary to

Fund

General Conditions - Construction

protect their property.

- Supervision by Contractor

The Contractor will supervise and direct the work. He will be solely responsible for the means, methods, techniques, sequences and procedures of construction. The Contractor will employ and maintain on the work a qualified supervisor or superintendent who shall have been designated in writing by the Contractor or the Contractor's representative at the site. The supervisor shall have full authority to act on behalf of the Contractor and all communications given to the supervisor shall be a binding as if given to the Contractor. The supervisor shall be present on the site at all times as required to perform adequate supervision and coordination of the work. Copies of all drawings and of specifications shall be kept by the Contractor's Supervisor at the site of the work, ready for use at any time.

- Changes in work

The Owner may at any time, as need arises, order changes within the scope of the work without invalidating the agreement. If such changes increase or decrease the amount due under the contract documents, or in the time required for performance of the work, an equitable adjustment shall be authorized by change order. Change order shall be used to adjust quantities of installed units which are different than those shown in the bid schedule because of final measurements. Final measurements shall not be considered changes in the work. Final measurements will determine compensation to the Contractor based on unit price shown in bid schedule.

The A/E, also, may at any time, by issuing a field order, make changes in the details of the work. The Contractor shall proceed with the performance of any changes in the work so ordered by the A/E unless the Contractor believes that such field order entitles the Contractor to a change in contract price or time or both, in which event the Contractor shall give the A/E written notice thereof within seven (7) days after the receipt of the ordered change. Thereafter the Contractor shall document the basis for the change in contract price or time within thirty (30) days. The Contractor shall not execute such changes pending the receipt of an executed change order or further instruction from the owner.

- Changes in contract price

The contract price may be changed only by a change order. The value of any work covered by a change order or any claim for increase or decrease

Fund

General Conditions - Construction

in the contract price shall be determined by one or more of the following methods in the order of precedence listed below and in accord with N.J.A.C 5:34-1 et. Seq.,

- Material Change to Contract Work

If the contractor believes that a change directive by the contracting unit results in a material change to the contract work, the contractor shall so notify the contracting unit in writing. The contractor shall continue to perform all work on the project that is not the subject of the notice.

Upon receipt of the contractor's change in character notice in accordance the contracting unit shall promptly evaluate the contractor's notice and promptly advise the contractor of its determination on how to proceed in writing.

If the contracting unit determines that a change to the contractor's work caused or directed by the contracting unit materially changes the character of any aspect of the contract work, the contracting unit shall make a fair and equitable upward adjustment to the contract price and contract completion date.

The basis for any such price adjustment shall be the difference between the cost of performance of the work as planned at the time of contracting and the actual cost of such work as a result of its change in character, or as otherwise mutually agreed upon by the contractor and the contracting unit prior to the contractor performing the subject work.

If the contracting unit determines that the contractor is not entitled to additional compensation or time, the contractor shall continue the performance of all contract work and shall be entitled to pursue a claim against the contracting unit for additional compensation or time attributable to the alleged material change.

As used in this subsection, "material change" means a character change which increases or decreases the contractor's cost of performing the work, increases or decreases the amount of time by which the contractor completes the work in relation to the contractually required completion date, or both.

A contract subject to this section shall include the following change in quantity provisions:

- (1) The contracting unit may increase or decrease the quantity of work to

Fund

General Conditions - Construction

be performed
by the contractor.

(2) (a) If the quantity of a pay item is cumulatively increased or decreased by 20 percent or less from the bid proposal quantity, the quantity change shall be considered a minor change in quantity.

(b) If the quantity of a pay item is increased or decreased by more than 20 percent from the bid proposal quantity, the quantity change shall be considered a major change in quantity.

(3) For any minor change in quantity, the contracting unit shall make payment for the quantity of the pay item performed at the bid price for the pay item.

(4) (a) For a major increase in quantity, the contracting unit or contractor may request to renegotiate the price for the quantity in excess of 120 percent of the bid proposal quantity. If a mutual agreement cannot be reached on a negotiated price for a major quantity increase, the contracting unit shall pay the actual costs plus an additional 10 percent for overhead and an additional 10 percent for profit, unless otherwise specified in the original bid

(b) For a major decrease in quantity, the contracting unit or contractor may request to renegotiate the price for the quantity of work performed. If a mutual agreement cannot be reached on a negotiated price for a major quantity decrease, the contracting unit shall pay the actual costs plus an additional 10 percent for overhead and an additional 10 percent for profit, unless otherwise specified in the original bid; provided, however, that the contracting unit shall not make a payment in an amount that exceeds 80 percent of the value of the bid price multiplied by the bid proposal quantity.

(5) As used in this subsection, the term "bid proposal quantity" means the quantity indicated in the bid proposal less the quantities designated in the project plans as "if and where directed."

- Correction of work

The Contractor shall promptly remove from the premises all work rejected by the A/E for failure to comply with the contract documents, whether incorporated in the construction or not, and the Contractor shall promptly replace and reexecute the work in accordance with the contract documents and without expense to the owner and shall bear the expense of making good all work of other Contractors destroyed or damaged by

Fund

General Conditions - Construction

such removal or replacement.

All removal and replacement work shall be done at the Contractor's expense. If the Contractor does not take action to remove such rejected work within ten (10) days after receipt of written notice, the Owner may remove such work and store the materials at the expense of the Contractor.

Before final payment is made, any work or material condemned by the A/E, or any appropriate governmental funding agency, as failing to conform to the contract, shall be removed or rebuilt in accordance with the drawings and specifications at the Contractor's expense.

- Architects/ A/Es authority

The A/E shall act as the Owner's representative during the construction period, shall decide questions which may arise as the quality and acceptability of materials furnished and work performed, and shall interpret the intent of the contract documents in a fair and unbiased manner. The A/E will make visits to the site and determine if the work is proceeding in accordance with the contract documents.

The Contractor will be held strictly to the intent of the contract documents in regard to the quality of materials, workmanship, and execution of the work. Inspections may be at the factory or fabrication plant of the source of the material supply.

The A/E will not be responsible for the construction means, controls, techniques, sequences, procedures or construction safety.

The A/E shall promptly make decisions relative to interpretation of the contract documents.

- Completion of Work

If the Contractor shall be delayed in the completion of his work by reason of unforeseeable causes beyond his control and without his fault or negligence, including, but not restricted to acts of God, or of the public enemy, acts of neglect of the Owner, acts of neglect of any other contractor, fires, floods, epidemics, quarantine restrictions, strikes, riots, civil commotion, or freight embargoes, the specified time for the completion of work shall be extended by such time as shall be fixed by the Owner. No such extension of time shall be deemed a waiver by the Owner of his right to terminate the contract for abandonment or delay by the Contractor, as provided in the contract, nor shall such extension be deemed to relieve the Contractor from full responsibility for performance of his obligations

Fund

General Conditions - Construction

hereunder. Any request for an extension shall be in writing and shall be directed to the Owner with a copy to the A/E.

- Release of Liens

Neither the final payment, nor any part of the retained percentage, shall become due until the Contractor shall deliver to the Owner a complete release of all liens arising out of his work, or in lieu thereof, receipts in full, and an affidavit showing that so far as he has knowledge or information, the releases and receipts include all labor and materials for which a lien could be filed; if any subcontractor refuses to furnish a release or receipt in full, the Contractor may furnish a bond, satisfactory to the Owner, to indemnify him against any lien. If any lien remains unsatisfied after all payments are made, the Contractor shall refund to the Owner all monies that the latter may be compelled to pay in discharging such a lien, including all costs and reasonable attorney's fees.

- Working Hours and Holidays

Work under the contract, other than maintenance work, shall not be prosecuted on Saturdays, Sundays, or on New Jersey State holidays, except in the time of emergency, and then only under written permit from the A/E, who shall be the judge as to the exigency of the situation. The normal work day shall consist of eight (8) hours, beginning at 8:00 a.m. and ending at 4:30 p.m. If the Contractor wishes to prosecute any portion of the work between the hours of 4:30 p.m. and 8:00 a.m., he shall first obtain permission from the A/E, notifying him each time in advance, giving him ample time in which to procure an A/E or inspector for the work. The Contractor will be responsible for paying all costs of the inspection services when work is carried out on Saturdays, Sundays, legal holidays, and overtime periods. Payment will be made to the Owner at the prevailing rate for said service.

IF CONDITIONS WARRANT, THE A/E RESERVES THE RIGHT TO LIMIT WORKING HOURS OR LOCATION OF WORK WITHOUT ANY ADDITIONAL CHARGES TO THE OWNER.

- Final Examination and Acceptance

The A/E will be prepared to make a final inspection within five (5) work days after written notification by the Contractor that the work is completed, and final inspection is requested. Defective work, or work not conforming to the specifications, is to be repaired or replaced to the satisfaction of the A/E. If the work is found to meet all requirements of the contract, a written recommendation of acceptance will be sent to the Owner.

Fund

General Conditions - Construction

- Date of Acceptance

The date of acceptance shall be the date of the Owner's Final Estimate or other suitable form provided by the A/E, indicating that the work has been completed by the Contractor, approved by the A/E, and accepted by the Owner.

- Maintenance After Completion

The Contractor shall guarantee all labor and materials for a period of one (1) years from the date of the Final Estimate (regardless of the date of possession or use by the Owner of the whole project or any part thereof), and he shall make all needed repairs on the work during the one (1) year guarantee period. The Contractor agrees that, during the one (1) year guarantee period, the Owner may, out of the monies payable to him under this agreement, necessary repairs at once after due notice from the A/E, expend the same, of so much thereof as may be required, to make the needed repairs; provided, however, that in the case of emergency where, in the opinion of the A/E, the Owner may make repairs without previous notice, and at the expense of the Contractor. The Contractor shall, at all times within said one (1) year period, keep the surface of the ground disturbed during construction, in the position and condition required by the specifications, and refill any settlement or erosion in the backfilling, paving, or any surface graded by him, due to any cause whatsoever, when so directed by the A/E; should he fail to do so, the Owner may have said work done in the manner as described above.

- Use of Facilities Prior to Completion of Contact

The Owner reserves the right to take possession of or use any completed or partially completed portion of the work. Such possession shall not release the Contractor of his guarantees or constitute acceptance of improper or defective materials or workmanship, nor shall it act as beginning of the maintenance period.

- Location and Protection of Existing Structures and Utilities

The drawings show certain information which has been obtained by the Owner regarding various pipelines and other structures which are believed to exist at the location of the project, both below and at the surface of the ground. THE OWNER DOES NOT GUARANTY THE ACCURACY OR COMPLETENESS OF THE INFORMATION GIVEN ON THE DRAWINGS WITH REGARD TO EXISTING STRUCTURES AND PIPELINES, AND THE CONTRACTOR WILL NOT BE ENTITLED TO ANY EXTRA COMPENSATION ON ACCOUNT OF INACCURACY OR INCOMPLETENESS OF SUCH INFORMATION; SAID

Fund

STRUCTURES AND PIPELINES BEING SHOWN ONLY FOR THE CONVENIENCE OF THE CONTRACTOR WHO MUST VERIFY THE INFORMATION TO HIS OWN SATISFACTION. The giving of this information upon the plans will not relieve the Contractor of his obligations to support and protect all pipelines and other structures which may be encountered during the construction of the work and to make good all damages done to such pipelines and structures as provided in these specifications.

- Preservation and Restoration of Property, Trees and Monuments

The Contractor shall be responsible for the preservation of all public and private property, trees and structures along and adjacent to the work and shall use every precaution necessary to prevent damage or injury thereto. He shall use suitable precautions to prevent damage to tracks or piles, conduits or other underground structures, utilities, etc., and he shall protect carefully from disturbance or damage all land monuments and property marks. The Contractor shall not willfully or maliciously injure or destroy trees or shrubs, and he shall not remove or cut them without proper authority.

The Contractor shall do all work and pay all costs of protecting, supporting, maintaining, repairing if damaged, relocating and restoring all surface, subsurface or overhead structures and all other property, including pipes, conduits, ducts, tubes, chambers and appurtenances, public or private, in the vicinity of the work, except as otherwise specified.

In the event any private property corners are encountered which must of necessity be disturbed or removed in order to permit construction operations, or if any private survey points are destroyed or removed through carelessness or negligence or to expedite the Contractor's operations, they shall be replaced by a licensed surveyor at the Contractor's cost and expense.

- Protection of Material and Work

The Contractor shall at all times take necessary steps to protect and preserve all materials, supplies, equipment and all work which has been performed. Should work be suspended temporarily, because of inclement weather or other causes, the Contractor shall take all steps necessary to protect materials, supplies, equipment and work performed against damages or injury. Any damaged materials, supplies, equipment or work performed shall be removed and replaced at the expense of the Contractor.

- Storage, Delivery and Handling of all Materials

All arrangements for delivery and handling of materials and equipment

Fund

General Conditions - Construction

throughout the prosecution of the work shall be the Contractor's responsibility. Materials shall be stored so as to insure the preservation of their quality and fitness for the work. When considered necessary, they shall be placed under cover when directed. Such cover, including storage sheds and offices, etc., shall be erected by the Contractor with the approval of the A/E, and shall be built with labor and materials supplied by the Contractor without expense to the Owner. Such temporary buildings shall remain the property of the Contractor and shall be removed by him at his expense upon completion of the work. Stored materials shall be located so as to facilitate prompt inspection. Lawns, grass plots, or other private or public property shall not be used for storage purposes without written permission of the Owner or lessee of such property.

Established roadways may be used by the Contractor with the approval of the A/E; or construction and use of temporary access roadways may be authorized by the A/E. All Federal, State, County or Local laws or regulations, and any recommendations of the manufacturer pertaining to the loading capacity of vehicles, shall be observed when transporting materials in the prosecution of the work. The Contractor shall, at times, protect against damage to roadways, curbing and sidewalks when, in the prosecution of the work, crossings are necessitated. Any damage to such roadways, sidewalks and curbing shall be repaired by, or at the expense of the Contractor.

The materials used in construction shall be so disposed as not to endanger the work so that full access may at all times be had to partly complete work and structures, and they shall be so distributed as to cause no injury to those having access to the work or any of the units. Materials, tools and machinery shall not be piled or placed against trees and structures. All fire hydrants must at all times be kept free and unobstructed and water and gas shut-off boxes, underground power and telephone line manholes must be kept uncovered by stored materials.

- Damage to Work, Public or Private Property

The Contractor shall be responsible for all work until completion and final acceptance thereof. No payments will be allowed for damage to the Contractor's materials or equipment. Except as herein provided, damage to all work, utilities, materials, equipment and other properties, etc., shall be repaired to the satisfaction of the A/E at the Contractor's expense. The Contractor shall, at his own expense, restore to a condition similar to the condition that existed prior to the damage, any direct or indirect damage to public or private property caused by the work or in consequence of an act or omission on the part of the Contractor, his employees, agents, or subcontractors. Should any property require repair or replacement or

Fund

General Conditions - Construction

rebuilding by the Owner as a result of damage due to fault or neglect of the Contractor, the cost thereof will be deducted from any money due or to become due to the Contractor under this contract; or the Owner may deduct from any money due to the Contractor under this contract; or the Owner may deduct from any money due the Contractor a sum sufficient to reimburse the Owner of the property so damaged. A COLOR VIDEO TAPE OR SUITABLE OTHER RECORDING OF THE ENTIRE PROJECT, INCLUDING ALL EASEMENTS, WETLANDS AND STREAM CROSSING AREAS AND ANY OTHER AREAS OF CONCERN NOTED BY THE A/E SHALL BE FURNISHED TO THE OWNER 10 WORKING DAYS PRIOR TO THE START OF CONSTRUCTION.

- Public Protection and Convenience, Rights-Of-Way

The Contractor shall at all times conduct the work in such a manner as to insure the least obstruction to traffic. The convenience of the general public and the residents along and adjacent to the work shall be provided for in an adequate manner, satisfactory to the A/E. Materials stored upon highways shall be placed so as to cause as little obstruction to the traveling public as is considered necessary. If materials cause safety hazards, they shall be relocated at the Contractor's expense. Footways and portions of highways adjoining the work under construction shall not be obstructed more than is absolutely necessary. When the work passes in front of business establishments, in the sidewalk area, a boardwalk, the width of the trench and five feet (5') in length, shall be laid over the trench to facilitate entrance. The A/E may direct that a bridge be built over the open trench during construction to any or all the business establishments. All gutter and storm sewer inlets shall be kept unobstructed at all times. Where the work is to be constructed in or upon rights-of-way, such rights-of-way will be secured by the Owner without cost to the Contractor. Access roads to the obtained rights-of-way will be the responsibility of the Contractor. All expenses, including the right of access and restoration of such access roads, shall be the Contractor's. The Contractor shall not enter upon or occupy with men, tools or materials, any private land outside of the limits of the rights-of-way furnished without the written consent of the owner of such property, a copy of which must be sent to the A/E.

- Maintenance and Protection of Traffic

The Contractor will proceed with the work in such a manner as to maintain traffic wherever possible. Emergency equipment must be able to pass and service all areas at all times. Fire hydrants on or adjacent to the work shall be kept accessible to fire apparatus and no material or obstruction shall be placed within ten feet (10') of any such hydrant.

The Contractor shall erect and maintain barricades, danger signals, and

warning signs at working sites, closed roads, intersections and other places of danger to traffic or to completed work. The Contractor shall provide sufficient watchmen and directors of traffic and shall take all necessary precautions for the proper protection of the work and the safety of the public. The Contractor shall erect direction or detour signs as directed by the A/E. The cost of protection of traffic as above described, shall be included in the price bid for the various items scheduled in the proposal.

- Utilities Furnished by the Contactor

Electricity

It shall be the Contractor's responsibility to furnish at his own expense, all electric current required to complete the work. All arrangements with local utilities for power supply shall be made by the Contractor. If in any case electricity is made available by the Owner, the Contractor shall have installed a meter to determine the amount of current used by him and such electricity shall be paid for by the Contractor. At the completion of the project, it shall be removed in a neat, workmanlike manner.

Water

It is the Contractor's responsibility to provide and maintain at his own expense, an adequate supply of water of suitable quality and quantity for his use for construction and domestic consumption. He shall install and maintain at his expense, any necessary water supply connection and piping, but only at those locations and in such manner as may be authorized by the A/E. At no time shall the contractor's personnel access a private property to obtain water without express permission from the property owner. The use of public hydrants shall be approved by the local water purveyor having authority.

Sanitary Provisions

The Contractor shall provide and maintain neat and sanitary accommodations for his employees which shall comply with the regulations of the New Jersey State Department of Health and any other state or local bodies having jurisdiction. The cost of such accommodations shall be the Contractor's.

- Field Office

Not applicable to this project.

- Intoxicating Beverages

Fund

General Conditions - Construction

The Contractor shall not sell, nor permit, nor suffer the introduction or use of intoxicating beverages upon or about the work embraced in this contract. If any of the Contractor's employees are using or have in their possession intoxicating beverages, the Owner may order all work to be stopped until such items are removed from the work site.

- School Zones

The Contractor shall not sell, nor permit, nor suffer the introduction or use of tobacco products upon or about the work embraced in this contract when such work is located in lawful school zone. If any of the Contractor's employees are using or have in their possession tobacco products, the Owner may order all work to be stopped until such items are removed from the school zone.

- Use and Storage of Explosives

The Contractor shall use explosives only when authorized by the A/E. Such explosives shall be stored, handled, and used as prescribed by the Federal, State and/or Local authorities having jurisdiction over such storage and use. The Contractor shall comply with all special rules and regulations that may be in effect at the time the work is actually done.

The Contractor will be held responsible for all claims for damage caused by blasting. He shall cover all shots in tunnel and open-cut excavations and shall take extra precautions when required. He shall blast with such number, length, placement and direction of holes with such loading of the holes with explosives of such power as will not make the excavation unduly large or irregular or unduly disturb the ground and make it unstable or shatter the rock upon or against which masonry is built, or injure masonry already built for existing structures at the site or in the vicinity thereof. If blasting with any amount of explosives is liable to injure any road, roadway, spillway, masonry, or existing structures, the Contractor shall excavate by barring, wedging, or other approved methods, without the use of explosives.

- Cleaning Up

The Contractor shall at all times prevent the accumulation of waste material or rubbish in the construction area or storage areas. Waste material and rubbish shall be cleared away and removed from the premises or deposited at such places as the A/E designates. No stock piling of excavated material on, about, or near the construction area will be allowed, unless it is to be disposed of within forty-eight (48) hours.

Before the contract will be considered complete, the Contractor shall

General Conditions - Construction

thoroughly clean the construction site and remove all rubbish, debris, unused and surplus material due to or connected with the construction and must leave the premises in a condition satisfactory to the A/E. All crosswalks and sidewalks must be cleared off and the alignment shall be trued up, if the same have been disturbed during construction; streets, curbs, fences, and other property disturbed or damaged, must be restored to their former condition and the final payment will be withheld until such work is completed and satisfactory to the A/E and the Owner.

- Employment of Sufficient Labor and Equipment

If, in the opinion of the A/E, the Contractor is not employing sufficient labor or equipment to complete this contract within the time specified, the A/E may, after giving written notice, require the Contractor to employ such additional labor and equipment as may be necessary to enable said work to progress properly. Any refusal to increase labor forces or equipment to sufficient levels will be considered a breach of the contract, and the Contractor shall be precluded from making any claim for delay or lost production by reason of his failure to have sufficient labor, materials or equipment on the project.

- Payments

Payments will be made in the following ways, as work progresses on the contract:

Lump sum items or lump sum contracts: The Contractor shall submit to the A/E for approval, prior to the start of work under the contract, a schedule showing a breakdown of the labor, materials and equipment, and other costs used in the preparation of the bid. The breakdown shall be in sufficient detail to indicate separate figures for all items making up the lump sum price. This schedule shall be used in computing an estimate issued monthly, and as a basis for negotiations concerning any credits or extra work which may arise during the execution of the project.

The A/E, in consultation with the Contractor, will, within the first ten (10) days of each month, estimate the amount of work completed and materials and equipment built into the project during the previous calendar month. The time for submittance of the monthly estimate may vary according to the meeting date of the Owner. The quantities, as determined, will be used as the basis for a monthly estimate whenever the value of said monthly work exceeds One Thousand Dollars (\$1,000.00). Materials that are stockpiled will be paid for, if approved by the A/E. The monthly

Fund

estimate will be presented to the Owner by the A/E and shall indicate the value of work completed and materials and equipment built into the work, in accordance with the contract. If the contract amount exceeds One Hundred Thousand Dollars (\$100,000.00), the Owner will retain two percent (2%) of the amount due on each monthly estimate in accordance with the State of New Jersey requirements.

Payment of any monthly estimate shall not constitute acceptance of the work covered by the estimate.

The monthly estimate submitted by the A/E will be approximate, and no claim shall be made by the Contractor for additional payment, based on any error in any monthly estimate.

PAYMENTS MAY BE WITHHELD IF, IN THE OPINION OF THE A/E, OR OWNER, THE WORK IS NOT PROCEEDING IN ACCORDANCE WITH THE PLANS AND SPECIFICATIONS.

Upon completion of the project in accordance with the contract and acceptance thereof by the A/E and Owner and as soon as possible thereafter, the A/E will prepare a final estimate which will indicate the value of the work completed and materials and equipment furnished, and the exact amount of the compensation to which the Contractor is entitled under the terms of the contract.

The final estimate will be submitted to the Owner and a copy furnished to the Contractor. Upon approval of the Final Estimate by the Owner, and as soon as possible, the Owner will pay the Contractor an amount equal to ninety percent (90%) of the total compensation to which the Contractor is entitled for the performance of the contract, less the amount of all previous payments. The balance of ten percent (10%) will be retained for one (1) years from the date of the Contractor's Acceptance of the Final Estimate or other suitable form provided by the A/E, as a guarantee against defect of materials, equipment, workmanship or other performance. The Contractor will have the option of either obtaining a maintenance bond covering the value of ten percent (10%) of the contract for one (1) years or letting ten percent (10%) of the contract remain in the Owner's possession.

The Contractor will be required to produce receipted paid bills for materials entering into construction, or for materials delivered, or waivers of lien by material suppliers before payment for such estimates will be made. In lieu of receipted bills or waivers of lien,

the Contractor may submit an affidavit in a form acceptable to the Owner.

The Contractor shall be conclusively deemed to have accepted the Final Estimate as a correct statement of the total liability of the Owner and of the compensation paid and to be paid to the Contractor by the Owner, unless within seven (7) days after delivery of his copy of the Final Estimate to him, the Contractor shall return such copy to the Owner, together with a statement of his objections to such Estimate, and of any claim for damages or compensation in excess of the amount shown on the Estimate. The acceptance by the Contractor of the Final Estimate or other suitable form provided for by the A/E, approved by the Owner, shall constitute a release and shall discharge the Owner from any further claims by the Contractor arising out of or relating to the contract, except the Contractor's claim for the balance, if there be any, of the amount retained as herein provided.

At the time that the Contractor receives the payment for his monthly estimate, he shall sign the following statement which shall be a part of the monthly estimate:

"The Contractor has reviewed the estimate of the work completed, covered by this estimate, and agrees with the quantities shown, and the amount of work completed within the time period covered by said estimate. The Contractor certifies by signing this estimate, that he has no claims against the Owner for the period covered by this estimate, which have not been duly submitted in accordance with the contract documents."

- Procedure of Work

In the progress of the work, the Contractor shall comply with the various orders, directives and requirements of the A/E, and shall perform all work in such manner and order as the A/E may require. He shall complete the various parts of the work in accordance with the schedule approved by the A/E. If any orders, directives or requirements of the A/E are not carried out immediately, the A/E may order the Contractor to suspend all or any part of the work until such previously issued orders, directives or requirements have been carried out. The time for completion of the contract will not be extended due to any such suspension. If any such order, directive or requirement is not carried out within a period of seventy-two (72) hours, the Contractor shall be deemed to have breached the

Fund

contract.

For the convenience of the Owner, the A/E may order the Contractor to suspend all or any part of the work for such period of time as may be determined by the A/E to be necessary or desirable. IT IS SPECIFICALLY UNDERSTOOD THAT THERE SHALL BE NO CLAIMS PERMITTED FOR CONTRACT DELAY DAMAGES FOR ANY REASON WHATSOEVER. IN THE EVENT OF A DELAY OR SUSPENSION WHICH WAS NOT CAUSED BY FAULT OR NEGLIGENCE OF THE CONTRACTOR, AS DETERMINED BY THE A/E, AN EQUITABLE EXTENSION OF THE CONTRACT COMPLETION TIME WILL BE GRANTED BY THE OWNER.

The Contractor shall not employ any equipment, plant, materials or methods to which the A/E objects, and shall not remove any plants, materials, equipment or other facilities from the site of the work without the A/E's consent.

IF ANY PERSON EMPLOYED ON THE WORK BY THE CONTRACTOR, INCLUDING HIS SUPERINTENDENT, SHALL APPEAR TO THE A/E TO BE INCOMPETENT, DISORDERLY, OR IMPROPER, SUCH PERSON SHALL BE IMMEDIATELY DISMISSED FROM THE JOB AND SHALL NOT BE GIVEN EMPLOYMENT ON ANY WORK CONNECTED WITH THE CONTRACT. The Contractor shall comply with all Federal labor laws as well as those of the State of New Jersey and the county and municipality in which the project is located.

- Extension of Time Due to Extra Work

When extra work is ordered near the completion of the contract, or when extra work is ordered at any time during the progress of the work which requires, in the opinion of the A/E, an increase of time for the completion of the contract, an extension of time for the completion of the contract shall be made. The length of the extension will be as determined by the A/E and agreed to, in writing, by the Contractor.

- Contractor Reporting – if applicable

SWMVBE Compliance Reporting

The general contractor or construction manager is required to complete and submit the NJEDA Office of Recovery Sandy,

“SWMVBE MONTHLY CONTRACT AND SUBCONTRACT ACTIVITY REPORT” as an attachment to each requisition submitted to NJEDA requesting disbursement of CDBG/DR funds.
